on
About 190 canvas tents have been
sent to Anantapur as per particulars
in the register put up. They appear to be
still in Anantapur.

The Collector of Anantapur
is requested to report how many
of the tents supplied by the
military dep't for plague
purposes may now be spared
for use in the N. District.

In forwarding herewith Copy of weekly report to the Plague Commission with the Govt. of Madras, I would request that some qualified official of the D.P.W may be sent here at once to arrange for and carry out the construction of a camp for the people who are at present evacuating Old Kuppam and also for the construction of more hospital accommodation in the Plague Camp, the latter in view of this fresh outbreak being very urgently needed. The Deputy Tahildar of Ambar has been directed to furnish me certain materials and has written to ask for information regarding them, but as I am entirely ignorant of the matter, I would request that

a D. P. W. official be deputed to carry
out the work.

actually required.

1) As to a camp for those who
have evacuated their houses. I understand
that ~~most~~ ^{or have built huts} of them have huts in
their fields.

2. As to extending the plague camp
a demi-official letter from Mr. Vignieu
as to labor and materials is enclosed

The Collector of

A. Brest.

Sir,

I have the honor to reply to your
R.C. no 1082 of 99 dated 5-4-99.

2. I Camped at Kuffam from the 2nd
to the 5th Inst. I do not think there is
any necessity for the construction of a
health Camp for the inhabitants of
Kuffam. It is very doubtful if they
would use huts built by us. All that
is in my opinion necessary is to give some
help to the poorer people for the erection
of their huts; they may be left to get
materials themselves and make their
own arrangements. This plan was
found successful in Anantapur
and there is no reason why it should

not work in Kuppam. It is particularly desirable that poorly paid Govt. servants such as peons and clerks should be helped in the matter.

3. As regards the extension of the Plague Camp, I spoke to the Special Plague officer on the subject. He was of opinion that, as plague appeared to be dying out in Kuppam, no further additions were required for the present. As pointed out by Mr. Viniam, the difficulties in regard to labour and materials are very great. I think that much the best thing in the circumstances is to send one or two dozen tents to Kuppam to be held in readiness for any emergency. Tents are easily pitched and can be moved about from place to place without delay. The cost of sending them to Kuppam will be very trifling in comparison with that of building more sheds.

I have to
