AUGUST.

Intimation of Travellers proceeding from Infected Parts.

Agreeing with the Collector of Salem that — should be sent to the Collector or the District Medical and Sanitary Officer, as required by the rules, even though the travellers hold inoculation certificates.

No. 1200 P., 7TH AUGUST 1899.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

From R. B. CLEGG, Esq., Acting Collector and District Magistrate, Salem,
to the Secretary to Government, Local and Municipal Department, dated
31st July 1899, No. 1410—P.C.

The Chief Medical officer, Jalarpet, enquires whether the intimation required by original Mufassal Regulation 17 (viii) should be sent in respect of inoculated persons arriving from infected areas who hold valid certificates, and states that as they are neither passported nor kept under observation, this might be discontinued. I think however they should be intimated and the intimation sent to the Tahsildar or the Municipal Chairman concerned who can have them observed, if deemed fit, at their residence, otherwise they are lost sight of altogether. I solicit orders.

ORDER—No. 1200 P., dated 7th August 1899.

The Government agrees with the Collector, but the intimation should be sent to the Collector or the District Medical and Sanitary Officer of the place of destination as required by the rules. Care should be taken that the railway ticket of the inoculated person is punched so that the passport officer of the railway station of destination may recognize him at once as coming from an infected area.
