I have the honour to forward here-
with a proposition statement in dupli-
cate for the entertainment of an addi-
tional clerk for this office for plague
purposes on a salary of Rs 45 per
mensem. He will belong to the temporary
establishment.

2. I would point out that the
increase of work on account of plague
correspondence presses very heavily on
the existing small establishment of
this Collectorate. Even in normal
times during recent years there has
been a large increase of work which
the establishment has found much
difficulty in coping with. A statement
showing the number of currents
during the two months - January
and February of the current year
and number despatched as compared

with corresponding months of the previous year show that there has been a large increase, and this increase is undoubtedly due to plague correspondence. The result of the increase has been to delay and block the work in my office and it has been difficult to get even urgent papers despatched punctually.

3. It is requested that early sanction of Govt. may be obtained so that a clerk may be employed from 1st April 1899.
