SUBJECT

FOR ORDERS.

C 4867

The currents read above relate to an application from Mr. Magne, Plague Supervisor, Vellore for increase of pay and the appointment of one Mr. Atkinson as Plague Supervisor in the same town.

2. Mr. Magne's application. Towards the end of April Mr. Magne submitted an application for increase of pay in which he requested also that his salary might be paid from 'Provincial fund', alleging that the municipal authorities were not paying his salary regularly. The Collector of North Arcot did not support either of these requests. He
rem

that the Municipality could not well afford to give Mr. Magne a higher salary, though in his opinion Mr. Magne personally deserved it, and that, the establishment to which he belonged being required purely for local purposes, his request to be paid his salary from Provincial funds could not be complied with. A reference was thereupon made to the Collector in which he was requested to report whether Mr. Magne's services were still required. The Collector has replied to this reference stating that his services were dispensed with on the 1st June. No orders would therefore be necessary on Mr. Magne's second request. As to increase of pay, it is submitted that for the reason stated by the Collector Mr. Magne may be simply told that his request cannot be complied with.

3. A question was also raised in the reference to the Collector of N. Arcot referred to in the previous paragraph as to whether Mr. Magne's appointment had been sanctioned by the Plague Commr. It has been reported in reply that formal sanction was not obtained under the circumstances explained in C. No. 1756. As the sanction of Government is necessary for the entertainment of temporary establishments on plague duty, it is submitted that formal sanction might now be accorded to Mr. Magne's appointment.

4. **Mr. Atkinson's appointment**

In C. No 1728 P. the Chairman solicits the sanction of Government to the appointment of Mr. Atkinson as Plague Supervisor. The circumstances which eventually led to the creation of this appointment are as follows.

~~[illegible]~~ 5. When suggesting+ to the Chairman certain reductions in the plague establishment in the Municipality the Collector proposed that, among others, two Divisional Inspectors and Mr. Magne (Supervisor) should be retained the latter being entrusted with ~~the~~ supervision over the work of the Observation Staff. The Chairman, who thought that two Divisional Inspectors would be enough, —— was not in favor of Mr. Magne's retention. The Collector accordingly stated in his letter of the 25th May that "the Chairman's suggestion about entrusting the Secretary with the supervision of the Observation Staff may be given a trial and the appointment of Mr. Magne may be abolished." With reference to this, the Sanitary Commissioner remarked that "under the peculiar conditions of Vellore it is advisable Mr. Magne

"be retained. It would be impossible for the Municipal Secretary to undertake observation work in addition to his current duties." In passing orders on these papers the Government considered that Mr. Magne should be retained at Vellore (para 2 of G.O. No. 898 P. Mis d 13.6.99). The Collector subsequently reported in continuation of his letter of the 25th May referred to above that "after consulting the Chairman of the Vellore Municipality, Dr. Edwards and the Sub Collector, I have come to the conclusion that the services of one Divl. Inspector in Vellore is necessary. I have informed the Chairman accordingly." The Collr's action was approved in G.O. No. 945 d 9.6.99.

Before the Chairman's letter (C. No. 1728 P.) soliciting sanction to Mr. Atkinson's appointment was received, a letter (C. No. 1695) had been received from the Collector reporting with reference to G.O. No. 945 d/ 19.6.99 that the Chairman had entertained a Supervisor on Rs 50 instead of a Divisional Inspector on Rs 35 + Rs 15, horse allowance. A demi-official letter had also been received from the Collector regarding the person selected for the post. The Collector was thereupon requested to report whether the person that had been appointed Supervisor was an Official or a private gentleman & what his qualifications were. The Collector was also asked to explain why the proposal approved of in G.O. No. 945 d/ 19.6.99 had not been acted upon. In reply the Collector states

C No 2063 P.

~~NOTE FOR THE~~

that the person appointed as Supervisor is a private gentleman and that he sees no objection× to the Chairman's proposal to alter his official designation to Divisional Inspector. As to his qualifications the Collr. refers to the Chairman's letter "eulogizing his work "in glowing terms" and remarks that he has really had no opportunity of proving his capacity as there has been no plague in Vellore since he came. He further adds "His antecedents have
" already formed the subject
" of a D.O. reference from
" myself and a report to the
" Special branch from the
" Superintendent of Police
" which I would refer

applied for Sanction for a Supervisor's place on Rs 60 and the Collector has agreed to the appointment. It will thus be seen that the appointment, which was created in the second week of June & to which Mr. Atkinson has been appointed in anticipation of sanction, is that of a Supervisor (and not Div. Inspector), the very appointment which Mr. Magne held till the 1st June.

It is submitted that in any case the Chairman should be told to get rid of Mr. Atkinson at once. His record is thoroughly bad & he seems to have been appointed by Mr. Kidd because his mother lives with, or keeps house for Mr. Kidd! Mr. Kidd, I know, has been living in the Fort in Vellore in a house close to the Police Station, where, I understood, a schoolmistress kept the house. I know it was talked about in Vellore as rather a queer arrangement.

The apptmt. of Mr. Atkinson should be disallowed at once.
After the order has issued let H.E. see the papers re this man and the chaplain Mr. Kidd.

Inspector on R50 is now wanted. If he is probably Mr. Magne might well have been kept on. I believe he did good work in the town. ~~The Colr might be asked if the appt is still necessary & if so might~~ The Colr. might be told to see that a proper officer with a clean record is appointed.

3/ I therefore request that you will be so kind as to increase my salary to whatever amount you may deem fit to give me, taking well into consideration the difficulties I have to contend with, in bringing to light concealed cases of Plague, besides my other duties.

Sir,

In reply to your letter No 2084/00 dated 10th July ~~to~~. 1899, I have been apparently labouring under a mistake. I thought that Government had only to sanction the salaries of the establishment and that the Chairman should appoint the individuals without question, as is the case with others in municipal employ. Otherwise I would not have appointed Mr Atkinson or any one else.

2. Government has now through you asked for Mr Atkinson's

qualifications for the post of a Plague supervisor. It would have been better perhaps if I had called him Plague divisional Inspector. (Plague Regulations page 63 para 6.)

3. I am not aware that there are any special qualifications for the duties to be performed by Mr Atkinson. These duties are as in the paper attached.

4. For these duties I required a man of great activity, of honesty, and of tact - I considered Mr Atkinson to have these qualifications and appointed him. He has more than satisfied me during the month he has been at work.

5. His energy is untiring - He himself sees every case of sickness or death reported to him - Meanwhile he supervises the repair of disinfected houses, personally has seen to the clear out of a big drain which had been blocked up for a long time, and supplements the work of the Sanitary Inspectors.

He has also infused his activity into the staff under him. The very coolies who were entertained before as road coolies but who did next to no work are employed every day, either in repairing houses or in other odd jobs.

6. The houses I say are being steadily repaired, and the Plague staff is virtually paying for itself, if a comparison is made between the Special Plague officer's estimates and the actual cost of repair of disinfected houses. To take two of the earliest houses repaired -.

Special Plague officer's estimate - Rs 42 - 2 - –

this is most satisfactory from the point of view of the municipal finances; but it would not have been done had not Mr. Atkinson been perfectly honest.

7. His tact which of course is made up of firmness and suavity, added to a good colloquial knowledge of Tamil, Telugu, Hindustani and Mahratti languages spoken in the town, is already bearing fruit, in that the people are beginning to report to him not only deaths, but even cases of sickness. This latter requirement the secretary told me was impossible.

8. I trust that as Mr Atkinson has been tried for over a month and has succeeded so well in carrying out the duties assigned to him, that his appointment will be sanctioned and confirmed.
