Note to the CS

The L & M department has sanctioned the purchase of an incinerator at a cost of Rs 150 for the use of the plague camp at Jalapet. As the cost of construction and maintenance of plague camps at railway inspection stations is debitable to Provincial, the cost of the incinerator should also form a Provincial charge. The cost may be met from the sum of Rs 430 provided under Miscellaneous for the current quarter in the plague estimate of the Salem district recently reviewed. The estimates for the year were placed at Rs 60000. ~~The draft may be~~

~~Commenced~~

Submitted that L & M may be asked to mention in the order the source from which the expenditure will be met. please see A above

No. 850

P.C.

FROM

Robert B. Clegg Esq.,

Ag. COLLECTOR AND DISTRICT MAGISTRATE,
Salem,

To

Government
THE SECRETARY TO THE COMMISSIONER OF
Local and Municipal Department, Madras
thru: the Sanitary Commissioner, Madras.

SIR,

The Sanitary Commissioner in his notes of inspection of the Jolarpet plague Camp - Communicated with Plague Commissioners Proceedings No 813 of the 24th March last observed that the iron incinerator supplied for the suspect Camp for burning the foecal matter is out of repair, and that it is extravagant of fuel and suggested that a Sildhar incinerator be used. He added that a second-hand one is available with the Rumba Konum Municipality used for the late Mahra Magam festival and that it might be purchased or obtained on hire for the Jolarpet Camp. The Chairman of the Rumba Konum Municipal Council who was addressed, states that the Sildhar incinerator

incinerator was purchased for Rs 240-8-0, and that the Council is willing to sell it for cost price less ^a reasonable deduction in consideration that it has been ^{that} used for some time. He further states Messrs Thompson & Co. of Calcutta from whom it was purchased made no mention of royalty at the time but that subsequently there was a claim from its patentee at Delhi for a royalty of Rs 150 which the Council rejected and that we should undertake to pay it, should the Council be found at any time hereafter liable therefor.

2. The iron incinerator was repaired but has again gone out of order and it requires a large quantity of fuel. I have the honor to request, therefore, that sanction may be accorded for the purchase of the Silchar incinerator with the Rumbakomam Municipality at price to be fixed by the Sanitary Commissioner who has a knowledge of it.

I have the honor to be,
Sir,
