Order—No. 569, Financial, dated 3rd May 1899.

Appendices A, B and C to these Proceedings contain the consolidated estimates of plague expenditure for the quarter ending 30th June 1899 under Provincial, and Appendices D, E, G and H, the estimates under Local (*Direct* and *Indirect*), Municipal and Port Funds. Appendix F exhibits the expenditure to be borne by each District Board in 1899–1900 rateably to its receipts.

2. The estimates are compared below with those accepted in G.Os., Nos. 1246 and 1259, Financial, dated 17th and 28th December 1898, respectively :—

3. The increased allotment for the office of Plague Commissioner will not now be necessary, in view of the fact that it has been decided not to fill the office when Mr. Buckley proceeds on leave.

4. The grants under other heads, which have been based as far as possible on present requirements, will also probably prove excessive in view of the abatement of plague. The question of re-appropriations will therefore be deferred until orders on

the consolidated estimates for the second quarter of the year are issued. The largest excess under Provincial *Indirect* heads occurs against 20. Police and the Inspector-General has already been requested to report on the question.

G.O., No. 533, Financial, dated 20th April 1899.

5. In Appendix F to these Proceedings, the amounts provided in the budget estimates for the current year of the several District Boards have been entered below the sums debitable to them according to the present estimates. It will be seen that the estimates as now framed exceed the budget grants in the following cases, the excess being greatest in North Arcot, Bellary and Salem :—

District Boards.	Amounts provided in the annual estimates.	Present estimates.
	Rs.	Rs.
Anantapur	26,700	26,857
Arcot, North	33,750	42,834
Bellary	45,180	59,101
Ganjám	21,580	23,335
Gódávari	45,810	48,821
Kistna	38,350	40,406
Kurnool	24,300	28,779
Salem	40,900	50,350

6. As regards the estimates under Municipal, Appendix G to these Proceedings shows that the grants provided in the budget estimates of these bodies are below the estimates now framed, except in the cases of North Arcot and Madras, where the excesses are large.

7. The necessary orders will issue in the Local and Municipal Department to ensure that the local bodies mentioned in paragraphs 5 and 6 *supra* make every possible provision for the contingency of the expenditure reaching the figures now estimated. All District Boards and Municipalities concerned will also be warned that although in some cases the allotments as fixed in G.O., No. 1259, Financial, dated 28th December 1898, have been reduced with reference to existing requirements, local bodies should not re-appropriate or utilize the balance of allotments for plague charges existing in their budgets.
