ORDER.

No 1247 P mis 14-8-99

With reference to para 3 of
G.O. no 1167 dated 31.7.99
The Collector of Salem
submits in his letter read
above proposals for the
reduction of establishment
at the Jalarpet inspection
Station, which has been con-
sidered possible on the dis-
continuance of the medical
inspection of westward trains
at that ^{station} date. The Sanitary
Commissioner suggests, how-
ever, that, having regard
to the ^{state} ~~plague~~ of plague in
Bangalore Cantonment, the
staff at Jalarpet should be
restored to its original strength.

2. The medical inspection of westward trains at Jalarpet was ordered to be discontinued, when it was found that there was no plague to the east of that station. There seems no objection to the reduction of establishments proposed by the Collector, so long as the stations East of Jalarpet are free from plague. The Collector's proposals are accordingly sanctioned. If however plague again attacks Ranipet, Nellore or any other station East of Jalarpet, the establishments at the latter station ^{and} be restored to its original strength.

3. This telegram read above the Sanitary Commr. suggests also that the staff at Perambur should be restored to its original strength. The Sanitary Commr. is informed that no reductions have

eght been made at Perambur

NOTE FOR THE Secretary

The lower of these two files is marked to Financial Dept for C.D. It seems necessary that it should go to the Public Dept also as the reduction of certain nurses and Hospital Assistants ~~is~~ involved.

Orders are solicited as to whether these files should be countermin-
~~l~~trialled by Financial & Public before sub-
mission to H.M. or whether the files being first submitted to the H.M., the draft orders may afterward be sent to those Depts for C.D.

FOR ORDERS.

The Sanitary Commissioner has wired on the 1st instant as follows —

"Having regard to state of plague in Bangalore Cantonment as advised by Resident today, I suggest staff at Jalarpet and Berambore be restored to original strength."

2. No reductions have yet been ordered in the staff at Jalarpet except that the services of a third medical officer ^{ordered to be} were dispensed with on the discontinuance of the examina-
tion at that station of westward trains — vide f.o.

P.O. no 1167 P. D. 31.7.99.

The Collector was also called upon in the f.O. to submit proposals for the reduction of establishment at the station.

His reply proposing certain reductions is submitted for orders in the linked file.

3. No reductions have as yet been ordered in the staff at Perambore in para 3 of C.O. no. 872 P.

Mis dated 9.6.98 the President, Municipal Commission, Madras, was requested to report whether the inspecting staff at Perambore could be curtailed without impairing its efficiency. The President replied in the negative and his letter was recorded in f.O. no. 992 P. Mis. D. 26.6.98.

4. Attention is solicited in this connection to f.O. no 1177 P. D. 31.7.99 in which certain Collectors and the President, Municipal

4/8/99 This does not refer to Inspection Stations - & is not in point here.

There seems no objection to the reduction of establishment proposed at Jharkhand, as long as there is no plague risk of the station - if plague again attacks, Rampet or Velankanni as soon as the establishment must be re-constituted - Meanwhile the Collector's proposals, if submitted may be sanctioned. Hospital Assistant doing clerical work, are doing what they ought not to do & their abolition seems quite proper.

At Perambore no reductions have been made as yet

TO

THE SECRETARY TO GOVERNMENT,

Local Municipal

DEPARTMENT,

Madras.

SIR,

With reference to para 3 of G.O. dated 21st instant calling for proposals for the reduction of the establishment at the Jalarpet Inspection station, I have the honor to state that the following additional establishment was entertained when the inspection of the westward trains was ordered.

One doctor

Two nurses

Four clerks

9 Constables

1 kern for the doctor.

Of these one doctor, has been, two nurses and two clerks may be dispensed with. Dr Low, Chief Medical Officer states that the other two clerks are necessary and should be retained as they are

employed in the Camp in keeping accounts and registers, writing deputation certificates etc. He, however proposes that two Hospital Assistants may be dispensed with, their duties which now consist mainly in writing intimations and punching tickets being done by the Clerks. The Police Staff at work on the platform will be reduced by 8 or 10 Constables but these will be sent to relieve the Salt persons employed at the Frontier Stations as the Salt and Alikari Department has requested that they be sent back to their ordinary duties or to replace the men deputed from the Reserve there being at present 18 Vacancies in the temporary Police Staff sanctioned for plague duty. I recommend that these reductions may be sanctioned. I have ordered that two clerks be dispensed with at once.

2. The staff which will be left if these proposals are sanctioned will be as follows: —

2 doctors
3 nurses

The whole of North Arcot having been ~~entirely~~ entirely free from plague since the 21st June, the examination of westward trains ^{at Jalarpet} was ordered the ~~line~~ discontinued abt the 20th July. It was then decided that a third medical Officer need ~~not~~ not be posted

to the Jalarpet inspection
Station in the place of a
med. Officer who had just
been permitted to return to
England. Minor establishments
at Jalarpet have not been
reduced yet but the Collector
having promised to effect re-
ductions of the Barrack
of the westward trains shd. be
discontinued he has been
called on to submit pro-
