SIR,

ENCLOSURES.

In continuation of my letter No. 630 B.G., dated 26th Instant. I have the honour to report that I have had an interview with Mr. C. Athlandiah regarding the difference between the area belonging to the Tudor Hall estate in the Marlinmud Catchment area as found by the District Surveyor and the area as stated by Mr. Athlandiah in his correspondence with this office and with Government.

2. Mr. Athlandiah admits that he has always given the area as 185 acres and says he fully believed that it was this extent. He does not exactly dispute

dispute the accuracy of the
Drake Survey measurements
but says he is astonished to
find that the area is less than
that stated by him:

3. The difference is almost
entirely in 2. Survey numbers viz
C 147 & C 150. In C 147, only 5.03 acres
are within the Catchment area
while Mr. Skilandish by mistake
had put down the whole extent
of the Survey n^o viz 9.89 as so
situated. In C 150 the Dr. Surveyor has
found only 26.22 acres are in this
Catchment, while Mr. Skilandish
relying upon certain measurements
of his own, had given this area
as 35 acres. I proposed to have
the area in C 150 resurveyed by
Drake Surveyor in the presence
of Mr. Skilandish before final
acquisition & I will report
the result & forward the plan
recently received by me from the
Secretary Sanitary Board.

I

I have the honor to be,

Yours

John Most Chesnut Street.
