 The Government is not prepared to comply with the municipal Council's request.

The Council's attention is drawn to the Collector's remarks in para 2 of his endorsement.

1/12
 7/11/99

Better omit para 2. It is absurd to require owners of tanned leather to take out licenses. If the H.C. or High Court held that tanned leather fell under hides & skins we should have to alter the law.

To

The Chairman.

Municipal Council.

Tellicherry.

Sir,

With reference to your letter No. 332 dated 15th Instant, I have the honor to observe that Section 188 of the Municipal Act IV of 1884 as amended by Act III of 1897 prohibits the exercise of certain trades without license by reason that they are offensive and dangerous.

2. The storage of raw or dry hides and skins in a building in close proximity to inhabited houses may certainly prove offensive and probably dangerous to public health as well, but in my opinion it could hardly be said that the presence of tanned leather would have the effect of rendering the atmosphere offensive or menacing the public health. In these circumstances I consider the Bench Magistrates right in holding that Section 188 cl (d) did not apply to tanned leather.

3. I must also take this opportunity to remark that the letter which is for all intents and purposes an application for revision should have been properly stamped as also the copies of judgments theewith sent which are herewith returned.

I Remain etc.

To,

The Joint Magistrate
Malabar

Tellicherry

Sir,

Being authorized by a resolution of the Council dated 3rd July to address you regarding the decision of the Bench of Magistrates of Tellicherry Town in Municipal Council versus Hassam Setti n^o 852 of 1899 and two cognate cases viz nos 853 and 854 of 1899 dated 20th June which the Council considers erroneous, I have the honor to state the facts which are as follows.

The accused were charged under Section 189 of the Municipal Act (IV of 1884) as amended by Act III of 1897 with failing to take out a license for storing hides and skins as required in clause (d) Section 188 of the said Act. The magistrates delivered the following judgment.

"The Sanitary Inspector admits that the article stored is tanned leather. Tanned leather is quite different from skin or hide and does not fall within clause (d) of Section 188. The accused is acquitted under Section 245 C. P. C."

2. Now we contend that "tanned leather" does fall under the term hide or skin. Any standard English dictionary if referred to by the magistrates would have taught them that skin is the natural covering of animal whether green, dry or tanned and that leather is but skin dressed and prepared for use. The Legislature evidently used the more comprehensive words in order to take in all synonym signifying the same thing.

3
2052/20/99

I therefore request that steps may be taken to have the decision of the Bench quashed, as it is calculated to seriously effect the income of this municipality.

3. Authenticated copies of the judgments in all the three cases referred to are herewith forwarded.

Read letter N^o 196. M. dated 19th July 1899 from the Joint Magistrate, Malabar, stating that he considers the Bench Magistrates right in holding that section 188 Clause (d) did not apply to tanned leather and that this office letter N^o 332 dated 15th July 1899 addressed to him on the subject was an application for revision which should therefore have been stamped as also copies of judgments forwarded therewith.

The matter under consideration being an important one, the Chairman is authorized to address Government with the view of obtaining the Advocate General's opinion on the point

FROM

CHAIRMAN, Delegate.

MUNICIPAL COUNCIL,

Tellicherry.

The Secretary to Government.

Local and Municipal Department

Fort St George.

Sir,

The Council has authorized me to address you on the following subject by a resolution passed at its meeting dated 27th Instant, Copy of which is heroin enclosed.

2. The Council is of opinion that the judgment of the Bench of Magistrates of Tellicherry in Municipal Council Versus Kassar Pett and 2 Cognate Cases (Nos 852, 853 and 854 of 1899) is erroneous. The accused in these Cases were charged under Section 189 of the Municipal Act (IV of 1884) as amended by Act III of 1897, with failing to take out a license for storing hides and skins as required in Clause (d) Section 188 of the said Act. The Magistrates were of opinion that as the articles stored were tanned leather which is quite different from skin or hide, the Cases did not fall within Clause (d) of Section 188 and accordingly acquitted the accused.

3. Our Contention is that "tanned leather" does fall under the term hide or skin, for skin is the natural covering of animal whether green, dry or tanned, and that leather is but skin dried and prepared for use. The Legislature evidently used the more Comprehensive words in order to take in all synonymous signifying the same thing.

4. On the above grounds we referred the matter to the Joint Magistrates

2052/20/99

Magistrate who agreed with the Bench of Magistrates on the ground that it could hardly be said that the presence of tanned leather would have the effect of rendering the atmosphere offensive or menacing the public health.

5 As there are several shops in this Municipality dealing with tanned leather in making native shoes and sandals, and as the decision of the Bench of Magistrates seriously affects the income of the Municipality, the matter is important and I have therefore the honor to request that the Government will be pleased to take steps to pass an authoritative ruling on the point taking, if necessary, the Advocate General's opinion.

6. Copies of judgments in the 3 cases and the Chairman's letter of reference and reply of the Joint Magistrate thereto are enclosed.

SUBJECT.

Submitting with remarks letter from the Chairman, Munl Council, Tellicherry requesting to pass an authoritative ruling as to whether Section 180(d), of the Dh. Municipalities Act II of 1886, as amended by Act III of 1897 would apply to tanned leather.

Note.

Sir,

As directed in your note this paper has been duly registered in this office and submitted.

The new Act came into force only in May 1897 and the provisions of it were not all at once enforced. This year, only 4 shop keepers were taxed for storing hides or skins as their shops contained the largest quantity of hides and skins. They refused to pay and prosecution was launched which resulted in acquittal. The scale of fees for licenses hitherto in force was one sanctioned under G. O. No. 323. m. Financial dated 27th July 1885, wherein the fee for storing hides is Rs 10/ a year. Under the new Act, the rates of fees were only lately fixed by the Council (after I took charge) and forwarded to the Government for approval under Section 26 y. The sanction was received only on the 3rd of this month and yet the Government have asked for explanation on certain items. Under the new sanction also the fee for storing hides is Rs 10/ a year. The fee can be charged not only for storing but otherwise dealing with hides.

Section

Section 188(d). As far as my personal enquiry has gone there are more than 15 shops in which native shoes and sandals are made. If these are to be taxed the income to Municipality will be more than Rs 150/a year. But I do not know whether the Council will allow all these men to be taxed, because most of the abovementioned men do not store skins or hides but simply buy them from the big traders for the purpose of making shoes and sandals as a profession. In this estimate of mine, I have excluded Chuklers who make European shoes and boots.
