 for three months privilege leave.

FOR ORDERS.

It will be better
 to say that Govt. concurs in
 with opinion expressed by

 it is inexpedient for the

 at the present time, &
 considers that the appln
 should be deferred until
 it can be ~~granted~~ granted

MT 12.2.99.

Perhaps Col. Moore's opinion
 might be taken. It certainly seems
 about the worst possible time for
 O. Cornwall to take leave.

To

The President,

Municipal Commission, Madras.

Sir,

Enclo sure.

I have the honour to request that I may be granted three months privilege leave from September 7th, or date of departure under article 291, Civil Service Regulations, and that you will be good enough to forward my application to the Commissioners for their recommendation.

My service dates from July 29th, 1896 and I joined the Municipality on March 24th, 1898. I have availed myself of no leave during my service with the exception of 10 days casual in February 1899.

I have the honour to be,

Sir,

your most obedient servant,

Remarks of the Commissioners.

September is one of the unhealthy months of the year so far as the health of Madras is concerned. It is not desirable that we should lose the experience of our Health Officer in that month. Three months' leave may be granted if H.O. is by the rules entitled to it, from after September.

(Sd) P.M. Sivangnana Mudaly,

5--8--99.

As the Asst. Health Officer will act for the H.O. I do not think it fair to refuse the leave especially when he has not taken any, during his service. The Asst. Health Officer is an experienced and energetic officer and has acted for the Health Officer for nearly 6 months before and would be able to look after the health of the city during the Health Officer's absence, which would be only for 3 months. I recommend the leave

I do not like voting against this application. Yet the H.O.'s service with the Municipality is only 18 months, and he wishes to be away at the very season when a recrudescence of plague is most to be dreaded. Under these circumstances it appears undesirable to grant the leave applied for.

(Intld) H.O.
8--8--99.

There is no doubt that H.O. is an earnest hardworking officer.
We must know that in August and September cholera generally breaks out and we are moreover threatened by plague all round. It would therefore be well if the H.O. will withdraw his application for the present.

The question is not whether the Assistant to the officer can act for Cornwall. It does not seem right for both the Engineer and Health Officer to be away in the very week in which the President is expected back from his furlough. Dr.Cornwall certainly deserves some rest, but it does seem undesirable to grant the leave before the President Col.Sir George Moore is allowed an opportunity of having his say; and his assent at this time of the year will add strength to the application when it reaches the Govt.

I agree

It is most unfortunate that the H.O. should have selected September for taking leave, as, if plague is to visit us, it will probably come then. Moreover September is the month in which we frequently have an epidemic of cholera.

I agree

I share in Dr.Maitland's opinion but I would suggest that the H.O. resubmit his application in October. By that time we shall know whether the plague is likely to visit us or not. If all goes well the H.O. might have the leave applied for from November or from the 15th October.
