SEPTEMBER.

Passport Rules.

Stating that the Plague Commissioner's notification publishing a list of railway stations for the purpose of — does not purport to have been issued under the Epidemic Diseases Act; that a formal notification by Government modifying it seems unnecessary; and that only persons coming from places notified in the Government notification can be required to take out passports.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—again the following paper :—

G.O., Mis. No. 1231 P., dated 12th August 1899.

Read—the following paper :—

From D. W. G. COWIE, Esq., Acting Collector of Chingleput, to the Secretary to Government, Local and Municipal Department, dated Camp Chingleput, 31st July 1899, Ref. on No. 404 P.

With reference to paragraph 2 of G.O., No. 934 P., dated 17th June 1899, I have the honour to state that to revise the list of passport stations issued with the Plague Commissioner's Proceedings, No. 499, dated 23rd February last, information as to the names of the railway stations within the plague-infected areas outside the Madras Presidency is not available in this office. I therefore request that if you can give it to me you will be so good as to do so.

Order—Mis. No. 1231 P., dated 12th August 1899.

The list of railway stations issued with the Plague Commissioner's Proceedings, No. 499, dated 23rd February 1899, was prepared with the aid of the railway map of India. Spare copies of this map are not available in the Government office. So far as the Chingleput district is concerned, the preparation of a revised list is not necessary as the tickets of all persons coming from infected places outside the Madras Presidency can be recognized by the special plague mark impressed upon them at railway frontier inspection stations.

(True Extract.)

(Signed) M. HAMMICK,
Ag. Secretary to Government.

To the Collector of Chingleput.

Read—also the following paper :—

From C. H. MOUNSEY, Esq., I.C.S., Collector of the Coimbatore District, to the Secretary to Government, Local and Municipal Department, dated 5th September 1899, D.Dis. No. 827 P.

I have the honour to forward herewith a copy of letter from the Chairman, Municipal Council, Erode, No. 588 P., dated 31st ultimo, and to request that the notification No. 207, published at page 59, Part I-A of the *Fort St. George Gazette* dated 7th March 1899, may be modified, now that North Arcot is not an infected area.

Enclosure.

Copy of letter from the Chairman, Erode Municipal Council, No. 588 P., dated 31st August 1899, to the Collector of Coimbatore.

Notification No. 692, published in page 310, Part I-A of the *Fort St. George Gazette* dated 22nd August 1899, declares the limits of the plague-infected areas in and outside the Madras Presidency, modifying all the prior notifications published in the previous issues. But the Plague Commissioner's Notification, No. 207, published in page 59, Part I-A of the *Fort St. George Gazette* dated 7th March 1899, remains the same and the tickets issued at some of those stations do not bear the plague punch mark. The passengers coming from those places argue that they need not be given passports since those stations are not within the infected areas. These places, except very few, have not at all been declared to be infected, but it has been published for the information and guidance of the passport issuing officers that passport rules apply to passengers arriving from these stations. In the absence of some other subsequent notification contrary to the one under question it must be held that that is in force. A certain passenger who came the other day from Ambur refused to take out a passport, saying that he did not come from any infected area. As I entertain much doubt in this circumstance, I have the honour to request that you will be pleased to enlighten me on the matter.

Order—No. 1366 P., dated 15th September 1899.

The Collector is referred to paragraph 2 of G.O., No. 934 P., dated 17th June 1899, and to G.O., No. 1231 P., dated 12th August 1899. The Plague Commissioner's notification, published on pages 59–62 of Part I-A of the *Fort St. George Gazette* dated 7th March 1899, does not purport to have been issued under the Epidemic Diseases Act, and a formal notification by Government modifying it does not seem necessary. It is of course out of date now, and only persons coming from places notified in the Government notification can be required to take out passports.
