Current No. 2283 P of 1899, dated from the Collector of Bellary

Current No. 2674 P of 1899, dated 7-9-99 from the

SUBJECT.

Plague establishment in Bellary dt.

FOR ORDERS.

On receipt of the establishment list for August 99, the Collector of Bellary was called upon to report on the following points

(1) Whether the 4 nurses on Rs. 100 each at the two railway inspection stations cannot be replaced by nurses on lower rates of pay if available

(2) Why the Hospital Assistant at Tungabhadra was allowed a plague allowance of Rs: 15½ p.m. while he is not eligible for more than Rs: 10 a month, there having been no plague at Tungabhadra

(3) The authority for granting a salary of Rs: 65 & house rent allowance of Rs: 5 to the Divisional Inspector in Bellary Municipality, while he is entitled only to Rs: 35 + horse or jutka allowance of Rs: 15

(4) The necessity for keeping the ambulance staff any longer.

2. The Surgeon General is said to have been addressed whether Nurses on lower rates of salary are available.

3. The Collector quotes G.O. No: 728 M of 5-4-97 as the authority for granting an allowance of Rs: 15/2 (8 annas per diem) to the one of the hospital Assistants at Tungabhadra who is said to be a military hospital Assistant. Under G.O. No. 77 P of 22-2-99, hospital Assistants whose duty consists in merely examining passengers at inspection stations for possible cases of plague are to be given only Rs. 10 p.m. and those attending plague patients thereby incurring personal risk are allowed annas 8 per diem. The duty performed by this hospital Assistant during the period (from 22-4-98) relating to the payment of the higher rate of allowance appears to have been of the former kind. The establishment list received from the Collector shows that this hospital* Assistant has been replaced by one on Rs: 25 + 10.

*He was drawing Rs: 40 + 15/2

4. The Plague Inspector referred to is said to be the Sanitary Inspector attached to the permanent establishment of the municipality who was drawing his permanent pay & horse allowance of Rs: 50 + 15. The entry of house rent allowance against this individual is

~~NOTE FOR THE~~

said to be a mistake. This individual too appears to have since been replaced by one on Rs: 30.

As regards the necessity for keeping the Ambulance Staff, the Collector says that it is inadvisable to do away with it at present. He observes that the ambulance Corps was collected with some difficulty last year, and that, if after once disbanding the Corps, there is a recrudescence of plague due to the expected heavy rainfall this month, the delay caused in reorganizing the same would result in confusion,

R. Coll.

The Collector is requested to justify the authority for granting a local allowance of Rs ~~[illegible]~~ 150 each to Mr. Woodward and Asst. Surgeon Menezes. They do not seem to be eligible for any allowance.

2. There are four nurses on the maximum salary of Rs 100 a month. The Coll. should consider whether they should not be replaced by nurses on lower rates of salary, if they are available. In Madras Eurasian nurses are now paid only Rs 50 a month.

3. One of the Hospital Assts at Tungabhadra appears to be allowed a plague allowance of Rs 15/2 a month. As there has been no

plague

plague at Tungabhadra, the Hospital Asst. is not eligible for more than Rs 10 a month. Any excess already paid should be recovered.

4. ~~With reference to the distance of~~

~~The Collector is requested to report with reference to the past results & the proximity or otherwise of plague whether the further continuance of the inspection road inspection stations at Madhavaram & Siruguppa and of the observation circles included in the Yemmiganur, Kowtalam, Tekkalakota & Aluru groups can be justified. If not, proposals for reduction of establishment should be submitted through the Sanitary Commr.~~

note
These places are rather remote from infected areas in Hyderabad.

They are quite close enough to be dangerous. Especially as plague is concealed so much in the Nizam state.

we had much better wait here until Septr. when we shall know better what is going to happen.

5. The authority for granting a salary of Rs 65 and a house rent allowance of Rs 5 to the Divisional Inspector employed in the Bellary municipality should be quoted. Under Rule 6 page 630 bb of the Madras Plague Regulations, he is entitled only to Rs 35 pay & Rs 15 horse or jutka allowance.

The Coll: should also report on the necessity for keeping the ambulance Corps any longer.

BELLARY COLLECTOR'S OFFICE.
Dated 2. 9. 1899.

Reference No. 2788-P

FROM E. A. Elwin Esquire

as COLLECTOR OF
BELLARY.

To

THE Secretary to Government Local and Municipal Department.

SIR,

I have the honour to reply to your memo Ref. ence No 2283-P / 14.8.99.

Para 1 of the memo. The present chief medical officers at the Hospet and Tungabhadra Railway Frontier Inspection stations draw no local allowance, and the entry of allowances of Rs 150/- against their names was due to a clerical error.

Para 2. I am asking the Surgeon-General whether nurses on a lower rate of pay than Rs 100 are available and shall arrange, if possible, to replace the present ones. I am doubtful whether any Eurasian Nurse would be willing to go to Tungabhadra, which is a very lonely place for less than Rs 100.

He appears to have since been replaced by one on Rs: 25 + 10.

Para 3. The Hospital Assistant in question is a Military Hospital Assistant posted by the Surgeon-

General: he appears to be entitled to a daily deputation allowance of 8 annas a day under the letter of the Government of India printed at page 21 of the Plague Commissioner's Circular No II of 1899.

Para 4. The post of Divisional Inspector in the Bellary Municipality has all along been held by the Sanitary Inspector of the Cowl Bazaar, a man on the permanent establishment, and his usual salary and horse allowance (Rs 50/- + Rs 15/-) have been drawn by him since his deputation on plague duty. The house rent allowance of Rs 5/- should have been entered against the Hospital Assistant, whose name immediately precedes that of the Divisional Inspector on the list.

Para 5. Plague did not appear last year till the middle of August at Guntakal and till almost a month later in this district. Our immunity so far this season is probably due more to deficient rainfall than anything else. Should heavy rain fall this month, as is expected, there is likely to be a re-crudescence of the disease. It is impossible to deal with an outbreak without an ambulance corps, and at Chippagiri last year during the first 2 or 3 days of the outbreak ~~perhaps~~ before the arrival of the members of the corps the confusion was indescribable. I submit therefore that it is inadvisable to do away just at present with the ambulance corps which has been collected with some difficulty and is held in readiness for duty at the district headquarters.

I have the honour to be

Sir,

Your most obedient Servant,

5/9/99.
