Kurnool

Sir

With reference to your R. to A. 860/P
dated 15-8-1899, I have the honour to state
that from my inspection of the Death Registers
of the Pattikonda and Maddikera Villages
I find the death rate in these villages
considerably decreased this year when
compared with the same period of the
last year. I have examined also
the Dispensary Registers and I see
that there is a great fall in the attendance
of fever cases. I see no grounds for
supposing that there have been any cases
of plague during these two months in
either of these villages.

I have &c
