Belur P. H. V. S.

*Informing that no further
arrangements are necessary
for the protection of Bellary
town with reference to the occurrence
of plague cases at Piddaholur,
that as there was a likelihood
of people ^{from Piddaholur & surrounding} carrying the infection
into Bellary another circle was
formed (324) & placed in ch.
7 & requesting to approve
action.*

Plague

Before No. 2571 P 98

15.1.99

FROM

E. A. Elwin Esquire

as COLLECTOR OF
BELLARY.

To

THE Plague Commissioner
Madras.

Sir,

(* inserted in
reply to plague
case at Bellary)

254X

26.12.98

I in reply to para 1 of your letter R.C

I have the honor to inform you that
no further arrangements are in any opinion
necessary for the protection of Bellary Town
with reference to the occurrence of plague
cases at Peddahotur on 23.12.98.

2. I visited Peddahotur on 28.12.98
and 31.12.98 from Alur 5 miles off, where
I was encamped till 1-1-99. I also passed
over the road between Bellary and Alur
on 28.12.98 and 1.1.99. The traffic into
Bellary along the road was small, and there
were no people running away from Pedda-
hotur towards Bellary.

3. On the other hand, my stay at

For the past four days, the reddi has thought fit to bring their cases to notice only to day.

4. We were also informed that a dead rat was found in the house of Mallamma (No 1) on the evening of the 22nd.

5. I have not as yet been able to ascertain further particulars as to the manner in which plague was introduced into the village but will do so as soon as possible and submit a further report in connection with the same.

6. There are rumors that plague has been prevailing in the village for the past twenty days and that two or three persons have already died from it but these will have to be verified.

7. The Tahsildar is going into Alur tomorrow morning to fetch the necessary materials for the erection of sheds etc (at Pedda Hottum) and we (Medical Officer & I) are also going back tomorrow morning to select a site for the sheds and make arrangements for the same.

of the houses in the affected blocks and their disinfection.

8. The acting reddi of this (Molagavali) Village is rendering every assistance in his power in the way of inducing the people living in the affected blocks to vacate their houses and explaining to the villagers the advantages of inoculation.

9. Several have expressed their willingness to be inoculated and the Medical Officer expects to be able to inoculate at least a hundred persons tomorrow.

Forwarded to the Plague Commissioner, Surgeon General and Sanitary Commissioner for information in continuation of the telegram of the 24th inst.

Letter from the Spt. Dy.

Collector reporting about

the plague cases that

occurred at Pedda

hatteru

27/12/12

Sir,

In ref^{ce} to your 2971
 P. D. 25.12.98 reporting
 the occurrence of plague at
 Pedda Hatteru, I have the
 h. to enquire if you consider
 any further arrangements are
 necessary for the protection
 of Bellary town.

1. The further report provided
 by the D.C. is awaited. There
 are rumours of plague
 being in the village near
 K.P.C. in the forest.
