NOTE FOR THE Legy.

It is to note pointing out that the leave concessions were not by rule admissible in the case of Messrs Lever & Marshall was submitted on Saturday. The Go. already printed may issue without their names for the present, & a supplemental order may be issued in their favour in case it is finally decided that the rules apply to them. The Special Plague Dy Mgrs seem to stand on the same footing as the Special Plague doctors.

Please see note to App I above. Mr Clegg & Mr R. ~~H~~ E Venkata Subbier (Taluq of Hosur) began plague service on 20.10.98, the date on which the first indigenous case in the Hosur Taluk occurred. NOTE FOR THE Secy

In the G.O granting leave Counin for plague duty, the names of Major Lees & Marshall are included. It is respectfully submitted that the case of Mr. Lees differs from that of Mr. Marshall. Mr Lees was a permanent Civil officer at the time of his deputation to plague duty & he was recommended for a deputation allowance; while the Govt of India after ascertaining the nature of his work said that "the work was an ordinary departmental duty for an executive officer" and therefore refused to sanction the allowance. Under the orders regulating C.S. Deputations, an officer in deputation may be allowed deputation allowance if the duties involve a decided increase of work or responsibility

[illegible]

of duties as laid down in the "ordinary departmental duty" of an executive officer,

is now treated by the Local Govt &
he "unusually arduous" plague duty
& the Lever has been considered
eligible & the leave concession became
known it is now found that he had to deal with plague cases.

2. Mr Marshall, on the other
hand, is only a holder of a permanent
Cubic Inspection under 150, and
according to G.O. No 54 Rev Sec dt
18-2-99 was appointed [illegible]
to Dy Collr on Rs 250
this appointment, while no special
duty was specially created for
work connected with the plague.
Under G. I. Resolution 5047 P. dt
15-11-97, the leave concessions are
not admissible to an officer "who
has been specially appointed to such
duty & has been remunerated during
the performance of it by special
pay or allowances". Mr Marshall
held a special appointment on a special pay &
therefore clearly does not come within the terms
of the Resolution which applies to Plague Inspectors
& Plague Inspectors who were specially appointed for plague
work & have not been granted
leave concessions.

3. In this connection, attention
is respectfully invited to para 4
of the Govt of India Resolution
printed on pp 183 P. dt 23-2-96
in which the Govt of India remarks

opinion of the Govt of India a suitable

higher grades of the services employed

Their duties at this time were probably quite as arduous & severe & more anxious than when the plague actually became endogenous.

This is most true. I do not think any hard & fast lines can be drawn; the case of each officer must, I consider, be judged on its merits. Eligibility, I consider should rest upon the energy displayed & residence, not upon the working of the outbreak

As these 3 officers had more than 5 months' arduous plague service, they seem eligible for the minor concession. In the case of Major Robertson, it is doubtful whether his service can be regarded as unusually arduous, taking into consideration the remarks of the Secy of State and [illegible] printed in G.O. He cannot therefore claim the Concession. Col Harrison's work is thus described — "was in charge of plague inspection Station Julundur for a week from the 21-8-98; has been examining plague patients & inspecting the houses in imported cases from time to time; was in direct charge of the plague operations at Shahzpur for a week; has inspected certain frontier Stations and plague Camps & was superintending the work of the A.D.S. medical officer & the Observation Staff throughout, but Chiefly remained at headquarters as regards Mr Bunn, the Collector says that he does not himself [illegible] the Concession but [illegible] Chairman of the Jullundur Municipality and as the other District officials had to deal with imported cases at Jullundur, Nurpur & Kathundpath, the measures of isolation & disinfection were carried out, has been inspecting & working of the passport system in his division.

Mr Colls, Mr Clegg & the Asst Colls
Mr Spencer have been working
from the beginning & may be granted
the Concession. Capt French relieved
Mr Spencer of most of his plague
work on the 25-2-98, but the latter
found responsibility for plague admin-

(3) Charles [illegible]
(4) Lieutenant Baker of Hong
(5) A.J. Fernandez, Asst Vacancy Inspector

Mr Fitton, the Govt of India has

There are one or two preliminary questions to be settled.

A. Was the attack in this Presidency so severe as to justify any concession at all?

Here we Mr Hammick's note of Mr Swain's case. Mr H. does not express an opinion, but leaves it to Govt to say if it was severe enough to justify any concessions. He says "Plague is confined in this Presidency to Bengal and nearly entirely to Calcutta." Govt, taking the Presidencies as a whole, could not say that Bengal was not

Hon'ble Mr. Winterbotham may remember drawing my attention to the death-rate from cholera in October in 1897. In 1897 [illegible] as 2-or 3 weeks interval, & died last occasion 1/20 of the entire [illegible] with its [illegible] Labor & officers Sidney. [illegible] The work of individual officers does deserve consideration in [illegible] eligibility for the increase

19 3.

B. What class of work justifies a claim to the increase?

Mr. Macleod in Brantford recommends

(1) Mr. Meiss acting D.S.P.

(2) Mr. Russell Local Dr. Engineer

(3) His Sheriff's Clerk.

With the exception of a short period, during the commencement of the work, Mr. Meiss acting as Engineer cannot be said to have been employed in connection with actual plague work; he devoted plague pay to his ordinary other work in providing fresh water, & in the general difficulty of districts

as Plague Depts Deputy Coms are entitled to no deputation allowances, but may get the Same Concession, if they worked for 5 months with unusual energy at unusually arduous Duties -

Consider they did, but the recommendation if Coms Rs be obtained. Except in Mr Ardath's case he has been recommended for Com.

While on this point I wish to refer to a matter upon which I have already written upon. Of all the Civil Departments, it is the Medical Department whose duty Plague ought most legitimately to be. Yet scarcely a Civil Officer outside the Medical Department (mainly in the subordinate Staff) has received a Plague allowance of any kind. A Medical Officer enters on

Should the Letter in case outside the ordinary risks of their ordinary Dy, when they are appointed to

his duties with a necessity being him hourly face to face with danger in the form of disease. Officers of other departments do not enter them into this prospect. The additional risk, to Plague Duty is far greater proportionately than that incurred by Medical Officers in Plague Duty. Disinfection of infected houses & subsequent burning about in disinfection of infected localities is, I believe, just as dangerous as actual attendance on the Sick — Yet while Medical Officers have been granted Plague allowances (I do not know if the orders have been abrogated) Executive Officers of other Civil Departments get none —

5. In calculating the period of employment — Col. 3 of the list — only the period between the first and last indigenous cases have been taken into account. Mr. Weir noted "I doubt "see why an officer's duty "in dealing with imported "plague may not be unusually "arduous. - - - - - Their "duties at the time are "probably quite as arduous "and often more anxious "than when the plague "actually became indigenous. Mr. Buckley concurs with this opinion. Taking into account the plague service of the aforementioned officers before plague became indigenous and allowing some margin on account of disinfection work, their plague service would, as submitted amount to more than 5 months.

Note continued

The Surgeon-General's report on the claims of the medical officers has just been received — pp 63-80 — in the file of current papers. He states that all the medical officers and Subordinates mentioned in the memorandum addressed to him are entitled to the concession. The officers and Subordinates referred to are —

1. Major R. Robertson (Anantapur)
2. Lt. Col. J. Lancaster (N. Arcot)
3. Asst Surgeon Peter N. Lakmanalu (N. Arcot)
4. Lt Col. A.N. Rogers Harrison (Salem)
5. Civil Apothecary A.J. Fernandez (Krishnagiri in Salem)
6. Civil Apothecary P. Gibbons (Hosur in Salem)

The Surgeon-General, besides describing the work performed by each of these officers, adds that the duties performed by all of them were of an unusually arduous nature and that none of them has been remunerated during the performance of the same by special salary or allowances.

The remarks of Collectors in whose districts the above mentioned officers worked and those of Mr. Buckley are entered on the pages of the tabular statement noted against their officers' names in red ink.

FOR ORDERS.

The Surgeon Genl's Letter is at page 64 of the File of Cuttings.—

In continuation of the papers about concessions to officers for Plague work — the Surgeon General has now submitted his lists. He recommends —

Please see page 6 of the List in Book form. 1 Majr Robertson — There is no doubt about this man — he is well entitled to the concession. He worked very hard in Ananta pur —

Please see page 10. Do 2 Dr. Col Lancaster — This officer is also entitled to the concession. He worked very hard in N. arcot.

Please see page - 10. Do 3 Asst Surgeon Peter Lakshmanan. This officer also worked hard in N. arcot.

Please see page 15. Do 4 Civil Apothecary. P. Gibbons. This officer also worked well in Hosur in Salem and is entitled to the Concession.

Please see [illegible] 5. Lt Col Rogers Madras — Salem

Bellary Dt. continued.

Letter of the Surgeon has recommended his services, Mr. Buckley did not recommend him, and as long as I was plague Commr. he did not apply. The Coll: recommends him, but has he chiefly remained at Hd. Quarters in Salem. He appears to have only generally supervised the work of his Subordinates & done no actual plague work, except for about a week in Shulagiri - He is now on furlough & submitted that he is not entitled to the concession.

6. Civil Apothecary Tirumurthy also recommended by the Surgeon General - Mr. Buckley does not recommend. He worked in Krishnagiri Taluq Salem. & the Salem Collr. recommends him on as there were no fresh cases of plague in that Taluq. & his work on plague was actually very small - he is not entitled to the concession.

Submitted that Nos 1. 2. 3 & 4. alone should be granted the Concession -

Please see page 14. of last in Bottle form.

To

THE Plague Commissioner
Madras.

Sir,

In reply to your letter R.C 4379/21.4.99 I have the honour to request that the claims of the undermentioned officers to leave concessions for plague duty may be considered

(a) Mr. E. A Elwin I.C.S, acting Collector in charge of the district from the date of the introduction of the plague precautionary measures in March 1898 upto 25th January 1899 and again from 3rd April 1899 during the greater part of which my duties were of an exceptionally arduous and responsible nature. The additional office work alone was very heavy. There

were 2 Railway Frontier Inspection stations, 16 Road Frontier Inspection stations, and 8 (in the last quarter 9) observation groups with 32 (in the last quarter 36) circles in connection with the precautionary measures, and frequent inspections in different parts of the district had necessarily to be made. From the beginning of August not a month passed that I was not in close proximity to cases of plague, — E.G. on 5th August at Hospet under the following telegraphic instructions from Government, "Government relies upon you to ensure absolute disinfection", I personally superintended the disinfection of the persons, sheds etc that had become infected through the occurrence of the first two cases (imported) in the district. In September and October I had to spend nearly 2 weeks at Chippagiri concerting measures to stamp out the first indigenous outbreak of plague in the district. In November I was superintending operations at Holagavalli (indigenous cases) and Holagondi (imported case), in December at Bellary (imported cases), Holagavalli (indigenous cases), and Peddahotur (indigenous cases), and in January at Adoni (imported cases) and Hospet (indigenous cases). Again, since my return from leave I have examined the work of disinfection in progress at Hospet.

(b) Mr. J. T. Lever, Special Deputy Collector on plague duty for 6 months up to 31st March 1899. During this period this officer was almost constantly in contact with plague cases at Chippagiri, Holagavalli, and Peddahotur, and did good work. If the concessions are to be granted to persons so specially employed I recommend him for the minor concession

(c) Mr. K. Ry. F. Vencobachari, acting Subsidar of Bellary from 25th November 1898 up to the present time; this officer had arduous duties in connection with the plague at Holagavalli from the day he took

Bellary Dt. continued. Oh Cert.

charge of the Alur taluk. Since then several other villages in his taluk have been affected, and there has been no cessation of responsibility. He worked well under me for 2 months before I proceeded on leave; Mr. Campbell verbally told me that his work had been satisfactory under him; There have been fresh cases of plague at Alur recently. I recommend him for the minor concession.

2. The District Medical and Sanitary Officer has not yet served for 5 months in the district. The Divisional officers and the Tahsildars (Except c supra) have not had much extra work, except perhaps in connection with the passport rules, ~~and~~ and are not in my opinion fairly entitled to the concession.

Deputy Collector
Nanakal Division
Under Survey training Palghat.

To,

The Collector, Salem.

Sir,

In reply to your reference on No: 1003 D.C dated 17th instant requesting to inform the nature of the plague duties I performed in the Kurnool District and whether I received a special plague allowance, I beg to state that my duties were not merely clerical and that I had to be constantly on tour checking the works of the Special Plague staff, the visits of passports by village and other officers and supervising in plague-stricken villages the arrangements for disinfection of houses, and the isolation and segregation of patients and contacts

I received a deputation allowance of 20 per cent. of my pay; but have recently had an audit from the Accountant General placing this amount under objection, pending a reference made to the Government of India.

In the event of my having to refund it, I would be entitled to the Concessions allowed

The Collectors of Bellary, Kurnool, Anantapur, N. Arcot and Salem are requested to send them

The replies of the Collectors of Bellary, Kurnool, Anantapur, N. Arcot and Salem to Plague Cumo Circ letter Ref no Cus 4379, dy 21-4-99 are not sufficiently definite. The Collectors therefore are requested to submit their recommendations in the annexed form. It should be noted that the lease concessions are not to be admissible to any officer whose duty in connection with plague has not been so unusually arduous as to render him deserving of them, or who has been specially appointed to that duty & has been removed during the performance of it of their ordinary allowances.

Note This is the form prescribed by Board with regard to concessions for famine duty in Telugu famine).

April last, I was heavily occupied on plague work. My office work was also enormously increased. But Government is already aware of the nature of my work, and if any District officer is held to be entitled to the concession, Government will, I trust, rule that I am entitled to it as my plague work has been at least as arduous and anxious as that of any other Collector or Divisional officer

KURNOOL COLLECTOR'S OFFICE,

Dated 24th August 1899.

FROM

Muhammad Raza Khan Esquire

COLLECTOR OF KURNOOL,

TO

THE SECRETARY TO Government,
Local and Municipal Department.
Ootacamund.

SIR,

Adverting to your memorandum Re. No 1852 P, dated 19th August 1899, I have the honor to respectfully request that the Government may be pleased to grant me the concession (Major) therein referred to. I had very arduous work to do in connection with plague continuously for about fourteen months from the beginning of March 1898 when this district was declared as one "under observation" to the beginning of May 1899 when the last case of plague in the district occurred. The organisation and supervision of the various precautionary measures

taken prior to the outbreak of the Epidemic entailed a good deal of touring and extra labour. The disease actually broke out in this district on the 6th December 1898 and as stated in my final report No. 2/1 of the 18th June 1899, the operations were conducted under my immediate control and in the early Stages of the Epidemic, I directed operations in the infected Villages in person.

2. I beg to recommend the grant of the concession (minor) to Mr. Gahan. He did very hard work during the period of his employment on Special duty, that is, from the 10th October 1898 to the 31st March 1899. He was almost incessantly on the move and after plague broke out in the district in December last, he took a prominent part in the measures

adopted in the infected Villages to prevent the further Spread of the disease. He fully deserves the concession especially as the grant of extra remuneration in the shape of deputation allowance has been disallowed in his case under G.O. No 983 P, dated 23rd June 1899.

3. Your memorandum under reply reached me in camp on the 23rd instant.

No. 18/5744 Camp Bobbasamudram, 11th September 1899

From

SURGEON-GENERAL C. SETHORPE, C.B., F.R.C.P.I.,
SURGEON-GENERAL WITH THE
GOVERNMENT OF MADRAS,
Madras,

To THE Honorable the Chief Secretary
to Government, Public Department.

SIR,

With reference to Memorandum No. 1919, Public, dated the 25th July 1899, I have the honor to state for the information of Government that in my opinion the Medical Officers and subordinates mentioned in the Memorandum are entitled to the plague concession sanctioned by the Government of India

Major R. Robertson I.M.S. is in charge of Plague operations in the Dindigul District from 7th September 1899 to 18th April 1899, during which period there were several outbreaks in both ends of the District viz. Cumbakul and Avichipur and extending over 5 miles for each of the villages. 25th December he had no assistance and five plague Doctors were hired at his disposal in Cumbakul village alone. There were upwards of 150 attacks in the same

also
in charge of the Passport system until the
end of March 1899. Throughout the whole of
his residence in the District he was only
able to avail himself of three days at Head
Quarters and that was insisted on on the
ground of sickness here.

(2) Assist. Surg. (a) Lt Col. J. Lancaster I.M.S.
(b asst. Surgeon K.B. Lukshmanan

The nature of the plague duties performed
by the above named officers were as follows:-

To proceed at once to any plague stricken
or suspected plague stricken individual
Corpse or house as soon as information
had received;

to examine such and personally direct
the necessary Sanitary and preventive
measures and when necessary Camp in
such places till arrangements were
satisfactorily made;

to treat such of the patients as consents
to be treated and besides wherever and
whenever practicable to inoculate against
Plague,

to inspect and arrange [illegible]
Plague stricken villages

of March 1899

(1) Salon Lt. Col. A.B. Rogers Garrison Sur.

This officer being now on furlough in
Europe I am unable to ascertain the
details of his work- but he was employed
on duties connected with plague for a period
of not less than 10 months and wishes to
have full pay for the first four months
of the furlough granted him.

Civil apothecary A. J. Fernandez (Krishnagar)
— do — P. Gibbons (Atoms)

These two apothecaries were employed
on duties connected with plague for not less
than 5 months each. Apothecary Fernandez
wishes to have one months Extra privilege leave
and Apothecary Gibbons reports that he wishes
to have full pay for the first two months
of furlough or other leave for which half
pay is ordinarily admissible

2. The duties performed by all these
officers were of an unusually arduous nature
and none of them have been remunerated
during the performance of the same by special
salary or allowances

Sir, In reply to Chief office Memo R.C.no: 420 / Genl of 16th inst, I have the honour to state the following
At the end of August 1898 I was 12 days consecutively at
Gantakal on the first outbreak of plague
having travelled 30 miles & a railway journey in con-
tination in order to get to the spot with the District Magistrate
who required my assistance, during which time persons
were removed to the segregation Camps and the houses
burnt by myself and a party of police under the Super-
vision of the District Magistrate. I was in the neighbourhood
of Gantakal during the whole of September for the same
purpose and had also to make arrangements at Hindupur
and Dharmavaram and again in october until the 27th day
when the riot in which the Tashildar of Hindupur
lost his life, occurred. I was engaged on that case
and also making plague arrangements at Hindupur
with District Magistrate until the 7th November when

SIR,

Enclosures.

I have the honour to state that I have received an application from Mr. A. E. R. Mainwaring, Superintendent of Police, Anantapur, asking to be favoured with the leave concessions enumerated in Government of India Notification, No. 5047-P, dated 15th November 1897 (vide Fort St. George Gazette, dated 30th November 1897) pp 1507.

T 982 Jud 25-11-97

2. Mr. Mainwaring has been acting as Superintendent of Police, Anantapur, from the 28th July 1897. Since the outbreak of plague in this district (the district of Anantapur was declared by Government to be under observation from the 24th August 1898) Mr. Mainwaring has been indefatigable in conducting plague preventive measures in co-operation with

P. II 1

with the District Magistrate. He was actively employed in the removal of plague-stricken persons to the plague camp at Guntakal and the burning of infected houses until a special agency was employed for this purpose by Govern-ment. I submit that in the execution of this duty he was exposed to serious risks by being brought into actual contact with plague.

3. The District Magistrate of Anantapur supports Mr Mainwaring's application.

4. Mr. Mainwaring proposes to avail himself of a month's privilege leave that will fall due to him in the middle of June provided that his services can be spared. In the event of his being able to proceed on leave I strongly recommend that the concessions mention-ed in the above notification may be granted in his case.

NOTE FOR THE Mr.

As plague Commissioner I had
opportunity of seeing Mr Mainwaring's
work at Guntakal and it was
Satisfactory - He certainly did not
Spare himself - He look Cholera as
far as I recollect in October last
for a few weeks.

It is perfectly true and I entirely
agree with the Hon'ble Mr Monteath
Drivers much sooner go through
a plague Epidemic than one of
Cholera, as experience certainly has
shown that, period for period,
Plague work is far less dangerous
for the European than Cholera. The
only thing is that no Officer ever
does go through a Cholera
Epidemic Cadre or civil service
as Officers have to do with Plague,
it is just this which makes the
difference - Officers are differently
Constituted as regards bravery
but speaking for myself, I can
Honestly have felt the strain
Constant attendance at the

~~Queen~~ Plague, had
I remained P. Communicating as
almost intolerable after a month or
two - With cholera as District
Officers know, it comes & goes in a
few weeks & though it is quicker
than it is virulent while it lasts, the
disease does not go on for months
as it did into plague.

I don't know what Mr. Mainwaring
did after I left, but I presume he
was in constant attendance at
the different villages in Amraoti where
where plague showed itself and
I submit that if any officers are
to get concessions, outside the
Medical Dept., Police have as
good a claim as most officers.

Mr Peshall a good many officers
will ask for concession - I know
Mr. Bathen is about to do so. His
case is submitted that taking the
Province as a whole, it is doubtful
whether it was so severe as to justify
any concession at all. When Bombay
compared with this Province, plague
was really quite slight.
