Sir,

I have the honor to state
 that the Civil Apothecary attached
 to the Hospital at Gussabul has applied
 to me for the grant of a local allowance
 not exceeding one fifth of his salary,
 in accordance with Government Order
 no 618 Public dated 5 June 98,
 extending to civil Apothecaries, the
 concession of granting a local
 allowance, when required to do
 additional Plague work, in as

Much at

much as he is now required to attend to the examination of persons arriving from the Mysore Province into that portion of Gudaher, where the weekly market is held. The inspection work at Gudaher has been divided between the Apothecary and the Hospital assistant at the Gudaher Camp and the former has, for purposes of examination, to go round the shandy every Sunday making enquiries of the persons that have come from Mysore and examining them. The number of persons that the Apothecary has to look after in a week will be about one hundred and fifty and he has in addition to do all the clerical work appertaining to such examination.

The work of plague examination

at

at Gudaher is very responsible and entails hunting out the parties all Sunday morning. Under these circumstances I beg to strongly recommend that the allowance claimed may be granted to him.

I have the honour to be,
Sir,

SIR,

ENCLOSURES.

In reply to your memorandum
Ref on Cur 2293 P dated 10th Instants,
I have the honour to state that the
Inspection Station at Gudalur
does intercept all persons coming into
Gudalur from Mysore. But the
circumstances under which the Civil
Apothecary at Gudalur is required
to inspect the passport holders at
the Shandy are as follows: Almost
all the people coming to the
Gudalur Shandy either bring carts
or follow the carts that bring
provisions

provisions and they reach Gudalur on Saturday night, after being examined for that day by both the Hospital Attendants at Kakanbatta and Gudalur Plague camp which is about 2 miles distant from where the Gudalur Shandy is held. Nearly all of them stay on Sunday at the Shandy. Ordinarily they would have to present themselves before the "Local Authority" who, for Gudalur, is the Civil Apothecary at the Hospital for inspection on that day; but to prevent public inconvenience the Apothecary is made to do the work of examining pass-port holders in the Shandy instead of at the Hospital.

Thus it will be seen that the duty placed upon the Apothecary seems an ordinary duty placed on all medical officers and Local Authorities by Ref 17(1)

of the original Profassal Regulations and though it may be rendered slightly more onerous that he has to go round the bazaar & hunt out the pass-port holders, I doubt much if additional plague allowance is claimable therefor.

I have the honour to be
Sir,
your most obedient servant
