Plague Expenditure.

Communicating to all Local Boards and Municipal Councils Government Order, Financial, considering it unnecessary to maintain G.O., No. 900 M., dated 13th April 1897, as regards the distribution of local plague charges in each district between the District Board and the Municipalities in that district, and directing that each Municipality shall bear its own charges.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following paper:—

G.O., No. 7, Financial, dated 3rd January 1899.

Read—again the following papers:—

G.O., No. 900 M., dated 13th April 1897.

ABSTRACT.—Passing orders on the proposal of the District Board, Coimbatore, to make Shoranur an inspection station under No. 14 of the Plague Regulations and on the suggestion of the Sanitary Commissioner to post an inspecting officer at Madukarai, and stating the sources from which the cost of the inspection stations should be met.

G.O., No. 883, Financial, dated 13th October 1898.

ABSTRACT.—Passing orders on the estimates of plague expenditure in this Presidency during the current year 1898-99.

Read—also the following paper:—

From A. BUTTERWORTH, Esq., Acting Collector of the Nilgiris, to the Plague Commissioner, Madras, dated Ootacamund, 4th November 1898, Ref. on G.B. No. 770.

I have the honour to invite your attention to G.O., No. 883, Financial, dated 13th October 1898, which deals with the ratable contributions to be borne by district boards in the lines laid down in G.O., No. 547, Financial, dated 18th June 1898.

No mention has been made in the order of October of proportionate adjustments to be effected in the case of mufassal municipalities in frontier districts such as the Nilgiris though such adjustments seem to be contemplated in paragraph 4 of the Government Order of June, and I therefore solicit your instructions on the subject. It would appear that the arguments for distributing charges among the various district boards apply equally to municipalities.

Ref. on C. No. 1067.

Submitted for the orders of Government. It is stated in paragraph 19 of G.O., No. 883, Financial, dated 13th October 1898, that it is not necessary for municipalities to contribute to local expenditure of other districts, but under paragraph 2 of G.O., No. 900 M., dated 13th April 1897, they may be called upon to pay a portion of the expenditure incurred by the district boards of their own districts.

Order—No. 7, Financial, dated 3rd January 1899.

In paragraph 2 of G.O., No. 900 M., dated 13th April 1897, it was ruled that municipalities should share with local boards the expenditure on account of subordinate staff, hutting, medical appliances, &c., in connection with plague inspection stations where such stations are adjacent to them, the proportions to be paid being settled by mutual arrangement or by the Collector subject to the orders of Government. In paragraph 19 of G.O., No. 883, Financial, dated 13th October 1898, it was laid down that no contribution towards plague expenditure in other districts is necessary in the case of municipalities.

2. The Government considers it unnecessary to maintain the order of April 1897 as regards the distribution of local charges in each district between the district board and the municipalities in that district, and directs that each municipality shall bear its own charges.
