PROCEEDINGS—No. 127, dated 17th January 1899.
The Collector's proposal to recover from travellers returning to Mysore, B passports at the road frontier inspection stations is approved as a special case.

PROCEEDINGS OF THE PLAGUE COMMISSIONER.

READ—the following papers :—

From R. B. CLEGG, Esq., I.C.S., Acting Collector and District Magistrate, Salem, to the Plague Commissioner, Madras, dated Camp, Hosur, 15th December 1898, Ref. No. 836-P.C.

With reference to your Proceedings, No. 635 of the 11th November 1898, I have the honour to enquire whether there is any place in the Mysore State where travellers who leave Mysore and return from this district are watched. At present we are sending the C passports to the Mysore local authorities when a traveller returns to Mysore territory within ten days period, but the rule that we should recover the B passports of such persons from the Mysore authorities is a dead letter. I believe that only nine B passports have been recovered since the rules came in force. My local enquiry leads me to believe that no notice is taken of our C passports or intimations in such cases. This practice causes a good deal of trouble and waste of time and I would suggest that orders be issued that in such cases C passports and intimations need not be sent to the Mysore authorities, but as originally proposed in my letter, Ref. No. 266 P.C., dated 28th September 1898, that the B passports be given up at the road frontier stations.

Ref. on C. No. 2322.

With reference to your letter, Ref. No. 836-P.C., dated 15th December 1898, I have the honour to enquire if you consider there is no risk of persons giving up their passports so as to rid themselves of their responsibility for appearance, and then attempting to come in again unobserved.

26th December 1898.

L. E. BUCKLEY,
Plague Commissioner.

From R. B. CLEGG, Esq., I.C.S., Acting Collector and District Magistrate of Salem, to the Plague Commissioner, Madras, dated 30th December 1898, Ref. No. 836-P.C.

In reply to your letter, Ref. on C. No. 2322, dated 26th instant, enquiring if there is no risk of persons giving up their passports so as to rid themselves of their responsibility for appearance and then attempting to come in again unobserved, I have the honour to state that I do not think that there is any more risk in this course than in any other. There are so many ways of evading the rules that if a man wishes to evade he can easily do so.
