NOTE FOR THE Secretary to Govt L & M dept

Last year, I compiled the "Madras Plague Regulation & Rules". The book was issued in July & was found to be of immediate use, as plague broke out in the following month. This outbreak has called into existence many rules & instructions, and as it is quite probable that the disease may appear again, may a second edition be prepared with notes and references to the various orders issued up to date?

NOTE FOR THE Legislative Dept

A proof copy of the second edition of the Plague manual is submitted for approval with reference to Secy's note on page 7.

The chapter on Plague officers & allowances is still due from the Public dept to which it was sent for Ci. on 27-7-29. That relating to the finance will now be placed as this dept as directed by the Secy on page 11.

I have not attempted hitherto here since the Govt orders were found inconsistent and difficult to understand — vide pages 23 & 31 Appy A. With the exception of the two Chapters, the book is complete and up to date. Speaking generally, Part I is the same as in the old edition Part II is all new except Chapters VI & VII (1), (3), (5). A few Circles have been newly added in Part I & these are marked with blue pencil. These are
