REVENUE DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following proceedings of the Board of Revenue, Rev. Sett., No. 3229 Mis., dated 30th June 1899: head the following letter from the Chief Engineer for Irrigation, No. 162-M, Cotaacumund, dated 15th June 1899:-

With reference to para. 3 of the Proceedings of the Board of Revenue, No. 147, dated 3rd June 1899, I have the honour to inform you that the two projects therein referred to should be excluded from the famine programme. As far as can be seen at present, there is not likely to be any Periyar water to spare for irrigation on the south bank of the Vaigai. It is believed the Tenkarai channel can take close on 100 c.f.s. (cubic feet per second) more than required for the irrigation under it and when water is abundant any excess could be passed on to the Nilayur system. It will probably never be possible to do more than this.

In this office memo No. 34 M.D. dated 7th April 1899, the Superintending Engineer, VI Circle, was instructed to complete the investigation of the Porandalur Project. Until this has been made done the preparation of an estimate for submission to Government for sanction cannot be put in hand.

Resolution:-

Communicated to the Collector of Madura for information and guidance.
