Sir,

put up

With reference to para (3) of G.O.
No: 980. M., dated 12th July last, I have
the honor to report that the Council
has, at its meeting held on the 23rd Inst,
after mature consideration, resolved
to make necessary provision in the
next budget for the repair of the Penta
drain in question as it is not possible
to do any thing for want of funds
during the current year. A watchman
has

has however been detailed of late
to watch the drain from defecation
and to keep it scrupulously clean.
As water supply scheme has been
introduced into this town, there is
enough of water to clean the drain
as often as is necessary, and as
a matter of fact it is now being
flushed with pipe water once a week
or oftener. The condition of the
drain is not now as bad as it was
once before chiefly on account of
its being flushed often. An extract
from the minutes of proceedings of
the Council referred to is submitted
here with.

2. As regards the question of
prohibition of graveyards within
300 yards from the Service Reservoir,
the Council has already ^{approved} the
suggestion and have resolved
to open another grave yard, and
the sanction of Government has
been

been applied for. vide my letter

of prohibiting burials near the
