Note The following are the main differences
between the new and the old rules:—

(1) Under the rules approved in G.O.
No. 1072 M dated 21st October 1886 (Tag P)
the rate of every ounce of mixture was
half an anna and that for each powder
or pill quarter of an anna, but ac-
cording to the revised rules a scale of
fees varying from a minimum to a
maximum is fixed for each class of
medicines, the maximum rates being
charged for expensive drugs only and
the particular price in other cases being
left to the discretion of the medical officer.

(2) The last sentences of Rule 4 &
Rule 6 are new.

(3) Rule 5 provides for the recovery
of the actual cost of medicines supplied
on prescriptions issued by duly qua-
lified men, but the old rules, the
levy of double rates was authorized.
