SOFFICE OF SANITARY COMMISSIONER,
Fort St. George, 10th. January 1899.

From

SURGEON MAJOR W. B. BANNERMAN, M.D., B.Sc.,

INSPECTOR OF VACCINATION

AND DEPUTY SANITARY COMMISSIONER FOR MADRAS,

To

THE Sanitary Commissioner for Madras,

Enclosure

Sir,

In accordance with D.O. instructions received from you, I proceeded to Nellore for the purpose of inoculating certian cattle drivers, and have now the honour to submit my report.

2. I left Madras on the evening of the 5th. instant, and reached Nellore next morning. In the course of the day with the help of Dr. Edwards, acting District Medical and Sanitary Officer, Nellore; 212 cattle drivers were inoculated with full doses of Haffkine's anti-plague vaccine. None of the men ~~were~~ in the least afraid of the operation, and appeared to realise the benefits to be obtained. It is interesting that these cattle dealers should, of their own initiative, have thought of getting their servants protected, before sending them to the affected districts for the purpose of trade.

3. I returned to Madras on the 7th. instant.

I have the honour to be,

Sir,

Your most obedient servant,

W. B. Bannerman M.D.
Major, I.M.S.

Inspector of Vaccination & Dy. Sanitary Comr.
