No. 1455

FROM

Robert B. Clegg Esq.,

Ag. Collector and District Magistrate,
Salem,

To

THE SECRETARY TO GOVERNMENT,

Local Municipal Department,
Madras.

SIR,

Mr. Gibbons, Civil Apothecary in charge of the L. F. Hospital Hosier requests that an allowance of equal to $\frac{1}{5}$ of his salary may be sanctioned to him for doing plague work in addition to his ordinary duties. The work performed by him in connection with plague is described by him as follows.

- (1) Since the 27th August 1898 up to date I am inspecting passport holders and issuing passport to travellers, tracing missing passport holders and reporting their nonattendance to the Sehar, intimating to the Collectors of all changes of residence of passport holders.

(2) From the 26th August 1898 I attended the first case of plague at Hosur up to 30. 10. 98 when he was admitted into the plague hospital. This man was segregated in a mantapam about 2 miles ^{out} of town (till 30. 10. 98) and I had to visit him twice a day during this period.

(3) On the 7th December 1898, I took ^{over} charge of Hosur Plague Hospital and am still in charge of the same.

(4) On the 17th December 1898 I commenced inoculations against plague under the guidance of Major Baumerman when I performed about 100 cases and since then I did 380 cases by myself.

(5) I am in charge of the Segregation and observation camps at Hosur since the commencement and have observed about 200 persons.

(6) I had to inspect the corpses of persons who died in the town and when the town was evacuated I had to inspect the corpses in the field huts

which were scattered over a very large area.

(7) Before the ambulance staff was created I had to disinfect all the plague infected houses at Hosur.

2. Mr. Gibbons as above set forth has had heavy work to do in connection with Plague as local authority under the Passport Regulation and otherwise. I have the honour to recommend that the grant of an additional allowance of $\frac{1}{5}$ of his salary may be sanctioned to him from 26th August with reference to G.O. No 618 Public dated 5th June 1898. The necessary provision is made in the Plague Budget under "Local".

I have the honour to be,
Sir,
your most obedient servant,
R. Venkataswami

Let the order be issued.

Note for the C.A. The grant of allowance in the present case practically amounts to giving retrospective effect to the order in G.O. No. 618 Public, d/5th June 1899. The ~~Local~~ allowance is debitable to Local and has been provided for by the Collector of Salem in his last quarterly estimates under "Plague allowance" Local (vide details of this item at flag E in G.O. No. 845 Finl., d/24th July 1899). The charge for the current year can therefore, be met from this provision. It is proposed, however, to give the apothecary the allowance from the 27th August 1898, and the charges for 1898-99, ~~about Rs. 200~~ can for the present be met from the allotment of Rs. 450 provided for the last quarter of the current official year under the same head "Plague allowance" Local - page 52 of G.O. No. 906 Finl., d/17-8-99.

Very truly
Yours

NOTE FOR THE Chief Secretary -

This is an application from Civil Apothecary Gibbons in charge of the L & F Hospital @ Hoorur (Salem) for a local allowance for plague duties performed by him since Aug 27/98.

The details of the work done, as given by the Collector of Salem, show that this officer is clearly entitled to the allowance ^{under} GO 618 Pub d/5/1/99 read with GO 1153 P d/23-9-98. He may, therefore, under those orders, be given a local allowance "not exceeding one fifth of his salary". This the Ho M Dypt proposes to give him - in lieu of any leave concession under the Plague regulations. It is subm^d that the draft order may be c-i'd in Public -
