Municipal Budget.

Reviewing the Nandyal — for the second half of the year 1899–1900.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From MUHAMMAD RAZA KHAN, Esq., Collector of Kurnool, to the Secretary to Government, Local and Municipal Department, dated 9th October 1899, R. Dis. No. 302-Genl.

Adverting to paragraph 3 of G.O., No. 1132 M., dated 9th August 1899, I have the honour to state that the Acting Head Assistant Collector of Nandyal (Mr. A. Y. G. Campbell) and the gentlemen who had been proposed to be appointed members of the Municipal Council, Nandyal (except one who was absent on leave), held an informal meeting on the 15th ultimo, at which they prepared a budget estimate of the probable receipts and charges of the Municipality for the half year ending 31st March 1900. The said budget estimate and the Head Assistant Collector's letter R. Dis. No. 238/1899, dated 15th September 1899, forwarding the same to me with his remarks are herewith submitted.

2. With my letter R.C. No 292-B.G., dated 26th April 1899 (embodied in G.O., No. 1259, dated 13th July 1898), I had submitted, with my remarks, an approximate annual estimate of receipts and charges for the Nandyal Municipality received from the then Head Assistant Collector Mr. Pope. I shall refer to it as the "original estimate" in discussing the details of the present estimate in the succeeding paragraphs.

3. The present estimate has not been prepared entirely on the lines of the original estimate, but several changes have been made by the Municipal Council evidently to suit the present circumstances. The changes are not very material except in a few instances.

4. The estimate now submitted by the Municipal Council being prepared in a manuscript form and as the form adopted is not the one now in use and several items of receipts have been omitted by the Council, I have got a revised estimate prepared in my office in the proper form and with the omissions supplied, and beg to submit the same herewith. The items of charges entered in this revised estimate are the same as those found in the estimates prepared by the Municipal Council with an addition of Rs. 60 made by me—Rs. 50 for tools and plant against Grant 1—4 and Rs. 10 for contingencies against Grant 1—2 (*c*) (iii)—but in the case of receipts I have added several items with reference to the original estimate and other circumstances.

5. I refer below to some of the items of receipts and charges which seem to call for remarks :—

RECEIPTS.

(1) *Municipal Rates and Taxes—(b) and (c) Taxes on Buildings and Lands.*—No amount has been entered against these two heads of revenue in the estimate now prepared by the Municipal Council. In paragraph 2 of his letter, the Head Assistant Collector states that nothing has been entered under these two heads because no tax can be levied on buildings and lands during the second half of the current official year inasmuch as under sub-section 3 of section 66 of the Madras Act IV of 1884, as amended by Act III of 1897, the assessment of these taxes cannot take effect until the commencement of the next financial year. This would no doubt be the case if the Municipal Council were to impose the tax newly under sections 50 and 63 of the Act. But I think that the Government can under section 49 direct the levy of any tax in a Municipality at any time. The Municipality in question being one newly constituted from the 1st instant, the Government will, I believe, order the levy of these taxes in Nandyal from the said date. I therefore think that the Municipality can expect a certain amount of revenue under these two heads for the current half year. In the original estimate a sum of Rs. 4,843 was shown as the annual income expected under these heads of revenue, but owing to the following circumstances

one-half of that amount cannot be expected to be realized in the current half year. The Nandyal Union used to collect the house-tax annually commencing from 1st July. Out of the amount of house-tax that was expected to be realized for the current year, viz., Rs. 2,990, the union collected from 1st July to 30th September Rs. 1,364, and there yet remains a sum of Rs. 1,626 or Rs. 1,600 in round numbers to be collected. Deducting about Rs. 106 on account of the hamlet of Kottapalli which has been excluded from the Municipal limits and on account of bad debts, the Municipality may levy the remaining Rs. 1,500. As house-tax has been already fixed and partly collected for the current year by the union, I do not think that the Municipality would be justified in introducing its own rates of house tax for the remaining six months of the year. I have therefore entered in my revised estimate against the head of house-tax a sum of Rs. 1,500 and against that of land-tax a sum of Rs. 21, which is one-half of the amount entered in the original estimate.

(2) *Tolls.*—The amount entered by the Municipal Council against this head (viz., Rs. 1,307) is in excess of one-half of the amount entered in the original estimate. As the traffic is now brisk owing to large exportation of cholam to the Bombay Presidency, the amount estimated by the Municipal Council may be allowed to stand. I have adopted the same figure in my revised estimate. It may here be noted that the Head Assistant Collector doubts the justification of any contribution being paid to the Local Funds from the municipal tolls as it is not yet settled that the Local Fund department should maintain any of the roads within the Municipality. I feel unable to concur in this view. The Municipality has, I think, to pay a portion of the tolls to the Local Fund department not merely because the latter has to maintain certain roads in the Municipality, but also because the Municipality tolls the through traffic passing on the Local Board's roads. The question as to what should be actually paid by the Municipality from its tolls to the Local Fund department may be settled by and by. For the present one-fourth of the estimated gross receipts of tolls has been deducted therefrom and the rest shown as receipts under this head as is done in the Kurnool and other Municipalities.

(3) *Income from Educational Institutions.*—The income entered against this head, viz., Rs. 350, is in excess of one-half of the amount entered in the original estimate by Rs. 150. The Head Assistant Collector states that the Municipal Council will enhance the rates of school-fees in the Hindu Lower Secondary and Muhammadan Primary schools. This amount may therefore be allowed to stand. I have entered the same amount in my revised estimate.

(4) *Income from Slaughter-houses.*—In the original budget estimate, it was shown that an annual income of Rs. 850 might be expected from the slaughter-houses ; but in the estimate now prepared by the Municipal Council, only Rs. 200 is entered as the income expected under this head for the current half year. The explanation for the reduction is given in paragraph 2 of the Head Assistant Collector's letter. I agree with him and have accordingly adopted the figure of Rs. 200 in my revised estimate.

(5) *Grants and Contributions—(a)* (ii) *Medical.*—Nothing was shown under this head of income in the original estimate. The Government have been paying one-eighth of the salary of the civil apothecary in charge of the dispensary at Nandyal to the Local Fund department, and as the Municipality will come in the place of the Local Board and incur the expenditure which the Local Board was hitherto incurring, it will also get the said contribution. For this a sum of Rs. 113 is entered in the estimate prepared by the Municipal Council, but I think this should be reduced to Rs. 94, the salary of the apothecary being Rs. 150 a month.

CHARGES.

(6) *Grant 1, Public Works—4. Tools and plants and other stores.*—No provision has been made either in the original estimate or in the estimate now prepared by the Municipal Council under this head, but I think that it is necessary to make some provision as without tools no work can be satisfactorily done. I have accordingly entered under this head Rs. 50 in my revised estimate.

(7) *Grant 1—2 (c)* (iii).—Neither in the original estimate nor in the one prepared by the Municipal Council has provision for contingencies been made. I think that it is necessary to make some provision, and I have accordingly entered Rs. 10 against this head in my revised estimate.

6. According to my revised estimate, the receipts for the current half year come to Rs. 7,129 and the charges to Rs. 7,560, which result in a *minus* balance of Rs. 431 at the end of the current year. At the end of September 1899, there was a balance of Rs. 287–12–5 in the hands of the Nandyal Union and a balance of market fee collections amounting to Rs. 1,076–4–0 in the hands of the Taluk Board; and the Head Assistant Collector has addressed me (in my capacity as the President of the District Board) in separate letters to transfer the said balances to the Municipality on the ground that it is entitled to get the former amount as the Municipality will undertake all the duties of the union and has moreover to do for the town several things which the union should have done during its existence, and the latter amount as the management and maintenance of the market would hereafter be transferred to the Municipality. This matter is now under the consideration of the District Board. If the above said amounts be made over to the Municipality, not only will the deficiency noticed above be covered up, but there will be a surplus balance of about Rs. 933 at the end of the current official year.

7. In paragraph 10 of his letter, the Head Assistant Collector suggests that an initial grant of Rs. 3,000 may be granted to the Municipality. This suggestion is based on the ground that according to the estimate prepared by the Council there will be a *minus* balance of Rs. 2,000 at the end of the year and that the Municipality should necessarily have Rs. 1,000 in its hands in the beginning of the next year. If my revised estimate be approved and the revenue shown therein be collected, there will be a *minus* balance of only Rs. 431 at the end of the year; and if the District Board should transfer the savings of the union and the balance of market fees to the Municipality, there will be a surplus balance of about Rs. 930 at the end of the year as shown in the above paragraph. The question of allowing a grant for this Municipality may therefore be taken up some time hence. I intend addressing the Government on the subject after the decision of the District Board is known and the orders of Government on the budget estimates herewith submitted are received. A sum of Rs. 1,000, which is one-half of the amount which the District Board of Kurnool was directed * to contribute towards the maintenance of the Nandyal hospital, was placed at the disposal of the Municipality on the 1st instant.

* G.O., No. 1259 M., dated 13th July 1898.

8. In conclusion, I beg to request that the Government may be pleased to authorize the Nandyal Municipal Council to levy taxes, tolls and license-fees, &c., as requested in paragraphs 4, 5 and 6 of the Head Assistant Collector's letter. In the case of the house-tax, I request that the Municipal Council be authorised to collect only what the union left uncollected for the current half year.

ENCLOSURE.

From A. Y. G. CAMPBELL, Esq., I.C.S., Acting Head Assistant Collector of Nandyal, to the Collector of Kurnool, dated 15th September 1899, R. Dis. No. 238.

Adverting to your endorsement R. Dis. No. 769, dated 28th August 1899, I have the honour to report that an informal meeting of the proposed members of the Nandyal Municipal Council was held this morning as directed in paragraph 3 of G.O., No. 1132 M., dated 9th August 1899, and that all the members were present except M.R.Ry. R. Gopala Aiyar Avargal, B.A., B.C.E., who is now on leave, and to enclose a budget estimate of receipts and charges as determined in the meeting for the second half of the current financial year.

2. *Receipts—Tax on Buildings on Lands.*—No income is shown under this head, as under sub-section (3) of section 66 of the Act, the assessment can take effect only from the beginning of the financial year following that in which it is made.

Tolls.—I find that in the budget already submitted a fourth of the gross total collection has been allowed as contribution to the Local Funds. There is nothing in the file of papers to show why this contribution is made and what return is to be expected from the Local Funds. I have allowed a like contribution in the preparation of the budget under report, and shall be glad to know if any of the roads within the municipal limits will be maintained by the Taluk and District Boards.

License Fees.—There are at present no public slaughter-houses in the town. There are two private ones—one for slaughtering sheep, goats and pigs, and the other for slaughtering cattle. It was resolved in the meeting that no outlay need be made to provide public slaughter-houses during the next six months, and that the private houses may be licensed and a monthly license fee of Rs. 25 for the former and Rs. 10 for the latter charged.

3. *Education.*—In the Taluk Board Hindu Lower Secondary and Muhammadan Primary schools fees have been collected hitherto on the marginally-noted scale, and it is now determined to raise the fees to the rates shown in the margin against the several items. This accounts for the increase under this head as compared with the estimate already furnished. The estimated receipts under most heads are necessarily very rough, as they are not based on previous experience.

Standard or form.	Existing scale.	Proposed scale.
Infant standard	1 anna.	1 anna.
First standard	1 ,,	2 annas.
Second standard	2 annas.	3 ,,
Third standard	3 ,,	4 ,,
Fourth standard	4 ,,	8 ,,
First form	1 rupee.	1 rupee.

4. I request that the approval of the Governor in Council may be obtained as soon as possible under section 50 for the levy of the following taxes and fees:—

Items.	Rates.
Tax on arts, &c.	As in Schedule A.
Tax on buildings	7½ per cent. of rent value.
Tax on lands	Do. do.
Tax on vehicles with springs, &c., and animals.	Maximum rates in Schedule B.
Tax on carts and other vehicles without springs.	Maximum rates prescribed in section 47.
Tolls	Maximum rates in Schedule D.

5. The meeting held this morning have arrived at the conclusion that a fee of Rs. 25 and Rs. 10 per month for licensing the sheep and cattle slaughter-houses, respectively, will be by no means heavy. The rate has also to be notified with the approval of the Governor in Council under section 267, sub-section 2, as soon as possible.

Item.	Rate. As. P.
Cart-load of goods	1 0
Bullock or ass load	0 6
Head-load	0 3

6. Fees on markets will continue to be levied at the rates noted in the margin at which they have been collected hitherto by the union panchayat. It is proposed that fees for the use of cart-stand should be levied at the rate of one anna per cart for one day or portion thereof.

7. As the tolls, &c., cannot be collected without the approval of the Governor in Council, I have the honour to request that this approval may be obtained with as little delay as possible, for the receipts which have been estimated are already small and will be reduced if there is any delay in beginning the collection of tolls, &c.

8. *Disbursements—Grant 1, New Works.*—It is not proposed to spend any amount under this head in the next half-year except Rs. 460, which is absolutely necessary for the erection of toll-bars, sheds and cart-stands.

Grant 2 (b).—The Taluk Board has sent an assistant master of the Muhammadan primary school for training at Madras on an allowance of Rs. 2 per mensem. Rupees 11 provided under this head could be allowed for the next three months and his fare by train from Madras to Nandyal.

Grant 3 (c)—Plague Charges.—Provision is made to cover the allowance of Rs. 20 for the Civil Apothecary in accordance with a recent Government Order and cart allowance of Rs. 15 a month for his attendance at the railway station every day. At the same time I consider that the extra allowance of Rs. 20 a month is unnecessary at present, as the Apothecary has to inspect passengers arriving by only one train which reaches Nandyal at about 2 P.M.

Grant 5 (b) (ii).—The Secretary of the Lawrence Asylum Press estimates that the cost of forms, &c., supplied by his firm will be about Rs. 350. Provision has been made under this head to meet this charge.

9. The estimates of disbursements are based, as far as possible, on "actuals" expended by the Local Boards in previous years. Pay for only five months has been allowed for the establishment, as no pay will be disbursed for by the Municipality in October and the salaries due for March will be paid in the next financial year. At the same time these salaries should be paid early in April, and it is therefore desirable that the Municipality should have a closing balance of about Rs. 1,000.

10. The total disbursements with this closing balance amount to Rs. 8,500, while the estimated receipts, including grants, amount to only Rs. 5,500. I have the honour to request that you will be so good as to move the Government to make the Municipality an inital grant of Rs. 3,000. It appears that a grant of this nature has been already made to Kodaikánal Municipality. I request also that the grant of Rs. 1,000 promised by the District Board may be placed to the credit of the Municipality at Nandyal as soon as possible on or after the 1st October.

From A. Y. G. CAMPBELL, Esq., I.C.S., Chairman, Municipal Council, Nandyal, to the Secretary to Government, Local and Municipal Department (through the Collector of Kurnool), dated 8th October 1899, C. No. 12.

In submitting herewith a copy of Resolution No. I passed by Nandyal Municipal Council fixing the establishment under Nandyal Municipality at a meeting held on 7th October 1899, I have the honour to request that you will be so good as to obtain the sanction of the Governor in Council at an early date as required in section 39 of Act IV of 1884, as amended by Act III of 1897.

As the establishment has been particularized in the resolution and as no prescribed form has been received in this office, a separate statement has not been herewith submitted.

Submitted to Government, Local and Municipal Department. The salaries of establishment proposed in the resolution herewith enclosed are the same as those provided for in the budget estimate submitted with my letter R. Dis. No. 302-Gl. of 1899, dated the 9th instant, except in the case of the Hospital Assistant of the Nandyal dispensary, whose salary is put down in the resolution as Rs. 35, whereas it was shown as Rs. 40 in the budget estimate.

13*th October* 1899. (Signed) MUHAMMAD RAZA KHÀN,
Collector.

2. *Receipts.*—The receipts for the half-year ending 31st March 1900 are estimated by the Collector at Rs. 7,130. The levy, at the rates specified, of the taxes referred to in paragraph 4 of the Head Assistant Collector's letter is sanctioned. The proposal to levy tolls at the maximum rates, alluded to therein, has been approved in G.O., No. 1525-A M., dated 13th October 1899. Under section 66 (3) of the District Municipalities Act IV of 1884, as amended by Act III of 1897, the assessment of the taxes on buildings and lands can take effect only from the beginning of the next financial year, and the Government cannot direct the Municipal Council under section 49 to impose these assessments from 1st October 1899, as suggested by the Collector in paragraph 5 (1) of his letter. Nor is his proposal to credit to the Municipal revenues the collections subsequent to 1st October 1899 of the house-tax assessed by the Union Panchayat under Act V of 1884 admissible, as the Union Panchayat has now ceased to exist. The estimated income under the house and land taxes will therefore be struck out, and to enable the Municipality to carry on the work until the 1st April 1900 in a solvent condition, His Excellency the Governor in Council is pleased to sanction a grant of Rs. 2,500 from Provincial funds. The Accountant-General is requested to place this sum at the disposal of the Council from the allotment of Rs. 50,000 provided for the Vizianagram water-supply works in the budget estimate of Provincial grants to municipalities for 1899–1900. The house and land tax registers should be prepared before the close of the current year, so that the assessments may, with reference to section 66 (3) of the Act, come into force in the ensuing

year. The Government agrees in the Collector's remarks in paragraph 5 (2), that the Municipal Council should contribute a portion of its receipts from tolls to the District Board. The Municipal Council should, in consultation with that Board, report the rate at which this contribution should be paid. Meanwhile the estimated income under tolls will be allowed to stand. The license fees for private slaughter-houses, proposed in paragraph 5 of the Head Assistant Collector's letter, are in the opinion of Government excessive and should be reduced to a uniform rate of Rs. 25 per annum. The Municipal Council is requested to reconsider this matter and report the result to Government. Meanwhile the estimated income from this source, which should be credited in the accounts to "4 (*f*) (ii) License fees" and not to "4 (*e*) (ii) Income from slaughter-houses", as in statement I submitted by the Collector, will be reduced from Rs. 200 to Rs. 50. Under sections 194 (i) and 190 (i) of the Act, the Municipal Council is itself competent to sanction the levy of the market and cart-stand fees referred to in paragraph 6 of the Head Assistant Collector's letter. The communication promised in paragraph 7 of the Collector's letter is awaited. As revised by Government, the estimated receipts will stand at Rs. 7,930.

3. *Charges.*—The probable charges are entered as Rs. 7,560. The estimates under education, medical services and vaccination, registration of vital satistics and sanitation will be passed, subject to the remarks of the Director of Public Instruction, Surgeon-General and Sanitary Commissioner, respectively. The entertainment of the establishments detailed in the Council's resolution No. I of the 7th October 1899 is sanctioned; but a proposition statement in the form prescribed in G.O., No. 1083 M., dated 27th September 1888, should have been submitted for this purpose.

4. The budget, as revised by Government, closes with a balance of Rs. 370 or 4·7 per cent. of the estimated receipts.

Panchayat under Act V of 1884, admissible, as the Union Panchayat has now ceased to exist. The estimated income under the house and land taxes will therefore be struck out, and ~~in lieu~~ to enable the Municipality to carry on the work until the 1st April 1900 in a solvent condition, His Excellency the Governor in Council is pleased to sanction a grant of Rs 2,500 from Provincial funds. The Accountant-General is requested to place this sum at the disposal of the Council from the allotment of Rs 50,000 provided for the Vizianagram water-supply works in the budget estimate of Provincial Grants to Municipalities for 1899-1900. The house and land tax registers should be prepared before the close of the current year, so that the assessments may, with reference to section (3) of the Act, come into force the ensuing year. The Government agrees with the Collector's remarks considering

in para 5 (a) Considering, that the Municipal Council should contribute a portion of its receipts from tolls to the District Board of Kurnool. The Municipal Council should discuss in consultation with that Kurnool District Board report the rate at which this contribution should be paid. Meanwhile the estimated income under tolls will be allowed to stand. The license fees for private slaughter houses, proposed in para 5 of the Head Assistant Collector's letter, are in the opinion of Govt excessive and should be reduced to a uniform rate of Rs 25 per annum. The Municipal Council is therefore requested to reconsider this matter and report the result to Govt. Meanwhile the estimated income from this source, which should be credited in the accounts to "4-(f)(ii)-license fees" and not to 4(e)(ii)-income from slaughter-houses" as in Statement I submitted by the Collector, will be

The Municipal Council ~~is~~ under sections 194(1) and 190(1) of the Act, the Municipal Council is itself competent to sanction the fees referred to in para 6 of the Head Assistant Collector's letter. The Communication promised in para 7 of the Collector's letter is awaited. As revised by Govt, the estimated receipts will stand at Rs 7930.

3. Charges. The probable charges are entered as Rs 7560. The estimates under education, medical services, and vaccination, registration of vital statistics and sanitation, will be passed, subject to the remarks of the Director of Public Instruction, Surgeon-General and Sanitary Commissioner, respectively. The entertainment of the establishments detailed in the Council's resolution No 1 of the 7th October 1899, is sanctioned; but a proposition ~~statement~~ in the form prescribed in C.O.
