OFFICE OF SURGEON-GENERAL

WITH THE GOVERNMENT OF MADRAS,

No. *T/409*

Sanitary Department, the 29th July 1899.

From

SURGEON-GENERAL C. SIBTHORPE, C.B., F.R.C.P.

SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

Madras.

To

THE *Secretary to Government*
Local & Municipal Department.

LOCAL & MUNICIPAL DEPT
CURRENT NO. 2202 L.

SIR,

With reference to paragraph 2 of G.O. No. 1061 L, dated 16th May 1899, I have the honor to subjoin Extract from the Reports of the District Medical and Sanitary officers of Madras, Chingleput, Cuddalore, North Arcot and Tanjore explaining the cause of delay in the submission of Vaccination Statements and Dispensary Returns.

(1) Madras. The District Medical and Sanitary officer reports that his District has the largest No. of hospitals and dispensaries (40), and many returns from these had to be returned for either being incorrect or for being prepared in wrong forms. During the month of April there was a very heavy rainfall 9.17 inches. In consequence of this the land was under water, particularly in the Kammas Division, and letters and returns took a longer time in reaching their destination. The

Consolidated

Consolidated return and statements could not under the circumstances, explained, be submitted before the 16th May 1899.

(2) Chingleput. The Hospital assistant in charge of the Sathiyadu dispensary having died another man was appointed and he joined the institution towards the end of April 1899. As the new man had some difficulty in finding out the information from the dispensary records regarding the n^o of cases vaccinated by his predecessor he could not complete his return till the 16th May 99. Further, the preparation of the Administration reports and the prescribed statements to the District Board, three Taluk Boards and two Municipalities interfered with the immediate submission of the Consolidated Vaccination return till the 11th May 99 on which date it was submitted to the Inspector of Vaccination and Deputy Sanitary Commissioner.

(3) Luddapah. The information required in statement D regarding the Municipal Vaccinator of Luddapah was not forthcoming owing to his serious illness and hence the Consolidated return and statements could not be sent before the 5th June 1899.

(4) North Arcot. As some of the Medical subordinates in charge of dispensaries had been away from their stations on plague duty, they could not submit the returns

and statements in time. Consequently the Consolidated returns were submitted on 30th May 1899.

(5) Tanjore. The District Medical and Sanitary Officer states that the preparation of the Consolidated returns were delayed on account of the incorrectness of several individual returns which had to be revised. Consequently they were submitted to the Inspector of Vaccination and the Deputy Sanitary Commissioner on the 19th May 1899.

I have the honor to be,

Sir,

Your most obedient servant,

C. F. D. Brooke.

Surgeon General.
