Sir,

I have the honour to submit that the building now used as the Municipal Beef Slaughter House is a private property leased by the Municipality on rent.

The Civil Surgeon having reported that the building is in a wretched state of repair, the owner was asked to carry out certain repairs and improvements recommended by the Civil Surgeon, but he refused to do so.

There is no other building in the town to be obtained on a reasonable rent, which would answer the purpose and in the present financial state of the municipality it will take some time before the Council can find funds to construct a beef

slaughter-house

27/6/99 2322/99

Slaughter house according to the standard type plan.

4. On the matter coming before a meeting of the Council held on the 5<sup>th</sup> Instant, the Council resolved as suggested by the Civil Surgeon to apply to Government to be pleased to make over the Government Slaughter-house to the municipality.

A copy of that resolution is enclosed.

5. I am informed that the Government Slaughter-house is not now used to any great extent, and if the European Detachment is altogether removed from the Station it will be of no use at all.

6. In these circumstances, I respectfully request that Government will be pleased to order the handing over of the Beef Slaughter house to the council or grant permission to Slaughter cattle, intended for food to the civil population, in that building.

I have the honour to be

Sir

-----cc000-----

At present there is no Military representative on the Municipality. I would strongly recommend that a Military representative be appointed and would suggest as such, the Station Staff Officer Cannanore.

2. In my opinion there is not sufficient accommodation in the Government beef slaughter house to meet the requirement of the Municipality.

3. In the event of the slaughter house being handed over, the probabilities are, that there would be constant friction between the Government and Municipal beef contractors especially as to the cleaning of the premises (which are kept in perfect order at present) the time for slaughtering cattle etc., therefore under the above circumstances I would strongly deprecate any change in existing arrangements, and certainly not as long as a detachment of British troops is stationed at Cannanore.
