2. In reply I forward herewith for the information of His Excellency the Governor in Council a translation of Circular No. I, dated the 5th Azur 1309-F, 11th October 1899, issued by His Highness' Government in the matter.

I have the honour to be,

Sir,

RESIDENT.

H.E.P.O.—No.886 F—17-7-99—1,000—(C.O'C.)

Translation of a copy of a communication from the Secretary to the Board of Revenue, His Highness' Government, to all the Tahsildars of the Taluqs in His Highness' dominions No.I dated the 5th Azur 1309-Fasli. / 11th October 1899.

No. 2343, dated 29th Adhar 1308 F.

No. 2089 dated 14th September 1899

The Board has received a communication from the Secretary to His Highness' Government in the Judicial Department together with a copy of a letter from the Resident requesting that the Tahsildars of the several taluks in His Highness' dominions may be instructed and enjoined to furnish British authorities with information relating to plague.

I have to request that the outbreak of plague (God forbid) in the villages adjoining the frontier may forthwith be communicated direct to the British authorities concerned of the Madras Presidency so that they may be in a position to take precautionary measures for its prevention. I may mention here that Native physicians and Panchas are to act in conjunction with the medical officer in distinguishing plague cases.

In cases where there will be a difference of opinion in distinguishing plague cases the opinion of the medical officer deputed for the purpose shall prevail unless there are any strong reasons (to the contrary).

Native physicians and Panchas are still ignorant as to what the plague is and whether it has any peculiar symptoms other than the ordinary ones. For this reason the opinion of the medical officer should be acted upon. Had those men undergone a regular training and been aware of the rules on the subject, their opinion also would have been worthy of consideration.

Copies forwarded to the First Taluqdars of His Highness' dominions with request to exercise supervision and enforce the orders.
