Sanitary Board Office.

Proceedings of the Sanitary Board, No. 477d/ // September, 1899.

Read the following:-
From the Sanitary Engineer to Government, No. 1085, d/ 7th Aug. '99,
From the Chief Engineer, P.W.D., No. 1040 D, d/ 31st August, 1899.

Resolution.

With the letters read above, the Sanitary Engineer and the Chief Engineer, Public Works Department, forward in compliance with Para. 2 of G.O. No. 1794 M. Mis. dated 23rd October, 1898, statements showing the revised estimate for 1899-1900 and the amounts required for expenditure in 1900-1901 from loans and grants from Provincial Funds in aid of water supply and drainage schemes in Municipalities. These statements have been consolidated and the consolidated statement is herewith submitted to Government.

2. As regards item 5, the Sanitary Board observes that Negapatam is in urgent need of a water supply and it recommends that one lakh of Rupees be sanctioned as a grant for 1900-1901. It is expected that the estimate will be far enough advanced to admit of that amount being spent.

3. As regards item 6, the Sanitary Board has, in separate Proceedings No. 457/8, dated 2nd September, 1899, recommended that Government should make a free gift of Rs. 50,000 to the Coonoor Municipality for the Water supply Scheme, and authorise the raising of a loan for the remaining Rs. 50,000 required for the scheme.

4. The consolidated statement has been revised accordingly.

5. The Sanitary Engineer has omitted to bring forward the Water-supply Scheme for Berhampore, the investigation of which he was directed by Government to take up in G.O. No. 1078 M. Mis. dated 13th June, 1898. The Sanitary Board has no information in regard to the present stage of the investigation.

Government of Madras.

Resolution.

With the letters read above, the Sanitary Engineer and the Chief Engineer, Public Works Department, forward in compliance with Para. 2 of G.O. No. 1704 M. No. 1374 October, 1898, statements showing the revised estimate for 1899-1900 and the amounts required for expenditure in 1900-1901 from loans and grants from Provincial Funds in aid of water supply and drainage schemes in Municipalities. These statements have been consolidated and the consolidated statement is herewith submitted to Government.

2. As regards item 3, the Sanitary Board observes that there is an urgent need of a water supply and it recommends that one lakh of Rupees be sanctioned as a grant for 1900-1901. It is expected that the estimate will be far enough advanced to admit of that amount being spent.

3. As regards item 4, the Sanitary Board has, in separate Proceedings No. 457/5, dated 2nd September, 1899, recommended that Government should make a free gift of Rs. 50,000 to the General Municipality for the Water supply scheme, and authorize the raising of a loan for the remaining Rs. 50,000 required for the scheme.

4. The consolidated statement has been revised accordingly.

5. The Sanitary Engineer has omitted to bring forward the Water supply scheme for Berhampore, the investigation of which he was directed by Government to take up in G.O. No. 1078 M. No. 1374, dated 13th June, 1898. The Sanitary Board has no information in regard to the present stage of the investigation.

SANITARY BOARD OFFICE.

PROCEEDINGS OF THE SANITARY BOARD, No. 508/5, DATED 21 Sep. '99

LOCAL & MUNICIPAL DEPT

25 14 M READ the following:—

Letter from the Sanitary Engineer to Government, No. 1206, dated 13 September 1899:—

With reference to the remarks of the Board in para 5 of their resolution No. 477/5. dated 11 September 1899, I have the honour to point out that the schemes for Berhampore and Chatrapore were, on the recommendation of the Sanitary Board, ordered to be put aside in favour of one for Periyakulam, vide G.O. No. 277M, dated 18 February 1899. The scheme is partly designed and will be included in next year's programme and it was therefore considered that no grant would be required in 1900-1901. The schemes for Chidambaram and Calicut were also removed from the programme (1899) in favour of Madura drainage, vide G.O. No. 743M. Nis., dated 25 May 1899.

extension

11,320 11,320

This project is also under reference with the Sanitary Commissioners. It is considered very urgent, and the Sanitary Engineer requests that some money may be given in the current year.

Total Rs. 3,41,340 4,78,280

Grand Total Rs. 4,01,840 8,53,318

Note:-

Items (1) and (2) - No funds are needed during the current official year have been shown as budget and revised estimates for 1897-1900. A withdrawal of Rs. 50,000 from the contribution for item (1) was expected for 1898-99, but not effected. A sum of Rs. 1,15,170 was withdrawn for 1898-99, from the sum of Rs. 2,53,170 placed at the disposal of the Public Works Department for item (2). The amounts entered for these works for 1900-1901 are based on the assumption that most of the pipework will be supplied in that year.

Items (3) and (4). The amount of the estimate in each case has not yet been placed at the disposal of the Public Works Department.

N.B. The amounts shown in red ink have been entered by the Sanitary Board, with reference to paras 2 and 3 of the Proceedings of the Sanitary Board No. 477 dated 11 September 1899.
