FROM E. A. Edwin Esquire
ag COLLECTOR OF
BELLARY.

To

THE Secretary to Government Local &
Municipal Department Madras.

SIR,

I have the honour to submit the following
suggestions for the amendment of the plague regulations.
Suggestion (a) that between 'age' and 'whence coming',
particulars nos 5 and 6 and nos 8 and 9 respectively
in the intimation report prescribed in clause VIII of
original regulation 17 and in the passport form Appen-
dix A to the additional regulations, be inserted

'Ordinary residence' } District
 } Taluk
 } Village
 } Street
 } No. or name of the
 } owner of the house.

I find that many passport-holders, against
whom it is considered desirable to proceed for
evading observation, cannot be traced and thus
escape prosecution owing to want of information
as to their ordinary place of residence. The place
whence the traveller has come shortly before entering
the non-infected area from the infected area is

p. 33 of the Madras P. Reg. & Rules

p. 53 of 'do'

not necessarily the place at which he ordinarily resides, and the fact that the former is known to the authorities is frequently of no use in discovering the latter.

Suggestion (b) That for the word 'minors' occurring in clause xiii of original regulation 17 the expression 'persons under 12 years of age' be substituted.

Clause xiii was no doubt intended to meet the cases of persons who might otherwise evade the passport rules with impunity with reference to Sections 82, 83 and 84 I. P. C., but owing to the use of the word 'minors' several passport-holders between the ages of 12 and 18 escape prosecution. It is of common occurrence for persons between those ages to travel alone, and where their legal guardians are at a distance passports cannot be issued in accordance with the rules and have to be issued to the travellers themselves: if, however, these evade observation, they cannot legally be proceeded against as under Act IX of 1875 they are minors. In order to meet this difficulty, it is proposed that all persons, provided they are not incapacitated, who have attained 12 years of age should be held responsible for observing the passport rules.

I have the honour to be
Sir,

Your most obedient servant

Amendment of passport Regs.

ORDER. No 1672 P d 20-11-99

The Government considers that the Collector's suggestion to record the ordinary residence of passengers from infected areas who pass through a frontier inspection station or to whom passports are given will tend to increase the detention of trains at Railway Inspection Stations & needlessly lengthen the passport form and that the benefit ^{accruing} derivable will not be ^{great} much as in a great number of cases the residence will be given incorrectly. The proposal cannot, therefore, be accepted.

2. The second suggestion is
