Maps of Municipalities.

Requesting certain Collectors to report, after consulting the respective Chairmen, the number of copies of the several kinds of — that may be required for the Municipalities concerned and requesting the President of the Municipal Commission, Madras, to state how many copies of each of these maps will be required for the Municipality.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following papers:—

From G. P. GREENE, Esq., Superintendent, Madras Survey, to the Secretary to Government, Local and Municipal Department, dated Camp, Vizianagram, 6th May 1899, No. 62-G.

[*Reference*—G.O., No. 909, Financial, dated 29th October 1894, sanctioning the special cadastral survey of Municipal towns.]

I have the honour to request orders as to the number of copies to be printed of the special cadastral survey maps. For village maps, thirty copies are printed (G.O., No. 894, dated 7th July 1859), and I am of opinion that fifty copies ought to be sufficient for special cadastral survey maps.

Ref. No. 602.

The Superintendent, Madras Survey, is requested to send a price list of the special cadastral survey maps of the different Municipal towns.

2nd June 1899.

(Signed) M. HAMMICK,
Ag. Secretary to Government.

From G. P. GREENE, Esq., Superintendent, Madras Survey, to the Secretary to Government, Local and Municipal Department, dated Madras, 4th July 1899, No. 92-G.

[*Reference*—Official Memorandum No. 602, dated 2nd June 1899, requesting to send a price list of the special cadastral survey maps of the different Municipal towns.]

I have the honour to report that the maps which it is proposed to publish of Municipal towns are of three kinds—

(1) Revenue map—scale 1 inch = 1 chain or 1 inch = 2 chains.
(2) Topographical map of each ward or division — scale 20 inches = 1 mile.
(3) Topographical map of the whole Municipality — scale 10 inches = 1 mile.

2. I forward as requested a price list for each kind of map.

The price for revenue map is calculated at 4 annas per sheet and for topographical map at one rupee per square mile on the 20-inch scale and four annas per square mile on the 10-inch scale.

Enclosures.

Special Cadastral Survey Price List of Revenue Maps — scale 1 inch = 1 chain or 1 inch = 2 chains.

G.O.	No	Department.	Date.

Copy of Communication No. 159 dated 14th September 1895 from the Vice-Chairman Municipal Council Periyakulam to the Collector of Madura.

I have the honour to inform you that 3 Copies of the maps at Rs 12-8-0 each are required for the purpose of keeping one always at the Municipal Office and filing the other two in civil and Criminal Courts when necessary and that 8 and 9 Copies of the other maps respectively are required, as the inspecting officers, such as the Sanitary Commissioner, the Sanitary Engineer, and the District Surgeon, now and then, require a copy each for their use, and as the municipal overseer and the Sanitary Inspector require each a copy for his use. Another reason for indenting for so many Copies is

that

that the price of the 2nd and 3rd sorts is small and that it will be difficult to get copies whenever the Council is in need of them and when they are out of print.

V. Parthasarady

SIR,

Adverting to Government order no. 1043 M dated 24th July 1899, I have the honour to note below the number of copies of each of the three kinds of maps required by the Chairmen for the use of the municipalities Palni and Periyakulam

	Periyakulam	Palni
1 Revenue map Scale 1 inch = 1 chain or one inch = 2 chains	3	2
2 Topographic maps of each ward or Division Scale 20 inches = 1 mile	8	4 copies
3. Do — of the whole municipality 10 inches = 1 mile	9	4 copies

2. The numbers asked for appearing large I called on the Chairmen to explain the necessity for them, and enclose their answers. I consider it sufficient if the following ~~no.~~ numbers of maps are supplied.

Description		
1 Revenue Map Scale 1 inch = 1 Chain or 1 inch = 2 Chains	2	For each of the Municipalities
2. Topographical maps of each ward or Division Scale 20 inches = 1 mile	4	
3. Do of the whole municipality 10 inches = 1 mile	4

Maps of Municipalities.

AM

FOR ORDERS.

As I noted in H. I think it will be safer to have 100 copies of each printed. A demand for them among private persons will very probably spring up. It is very difficult for the Supt. to arrange for reprinting when all his other work is going on. It is a great nuisance when maps run out & cannot be procured.

AA 2. 11. 99.

Please see the notes and orders in Government Order No 1043 M, dated 24th July 1899. The following statement shows the number of copies of maps required by the Municipalities referred to in that order:—

Name of Municipality	Revenue Map Scale 1" = 1 chain or 1" = 2 chains	Topographical map of the whole Muncpy. Scale 10" = 1 mile.	Topographical map of each ward or division of the Mncpy. Scale 20" = 1 mile.
Madras	1. (Scale 1" = 1 chain) ✓	7 ✓	8 ✓
Conjeeveram	3 ✓	6 ✓	6 ✓
Palni	2 ✓	4 ✓	4 ✓
Periyakulam	3 ✓	9 ✓	8 ✓
Gudiyattam	1 ✓	1 ✓	1 ✓
Coonoor	„	6 ✓	1 ✓
Ootacamund	1. ✓	2 ✓	1 ✓
Tiruppattur	2 ✓	2 ✓	2 ✓
Vaniyambadi	1 ✓	2 ✓	2
Srirangam	1 ✓	„	

The

The Collector of Madura, however, considers that the number of copies required by the Chairman of the Periyakulam Municipality is rather large and that it will be sufficient if two copies of the Revenue map and four copies of each of the topographical maps are supplied to that Municipality; while the Collector of Salem requests that two copies of the topographical map (Scale 10" = 1 mile) of each of the Municipalities of Tiruppattur and Vaniyambadi may be supplied to him – one for record in his office and the other for the use of the Divisional Officer. The Chairman of the Municipal Council of Coonoor does not require any copy of the Revenue map, as one has been already supplied to him by the Superintendent of the Madras Survey. But the reason why the Chairman of the Municipal Council of Srirangam does not want the topographical maps is not apparent. It will be seen from the above statement that the number of copies of maps required by the several

Several Municipalities is very small. It appears, therefore, to be sufficient to print 100 copies of each of the three kinds of maps, and it is submitted that the Superintendent of the Revenue Survey may be informed accordingly.

Fifty will be quite enough I should say – ~~[illegible]~~ If the Supt has 50 printed of each kind for each municipality, it is District it will be enough.

30/x/99.

Mr. Greene told me that under the process he is using now, he can reprint the maps when necessary for a very small sum.
