Sir,

Vote go. no. 2259d
7-11-99
Flap. L.

With reference to G. O. no. 1561 M. dated 24th October 1899, I have the honor to respectfully invite the attention of Government that I have consistently maintained that the establishment of petty depôts for the serving of Districts, is both for financial and scientific reasons absolutely unsuited for the correct supply of preserved animal lymph. The result stated by the Chairman, Municipal Council, Mannargudi, is nothing but what might reasonably be expected, and is by no means the only illustration of the correctness of my representation to Government on this subject.

I have the honor to be, Sir,
Your most Obedient Servant,
W. King
Lieut. Col. I.M.S.,
Sanitary Commissioner
