Sir,

At the instance of the Kodakanal
Municipal Council I beg to invite your
attention to the remarks by Mr. B.
Barnetman in para 12 of his inspection
notes of Kodakanal and to request that
you will be so good as to obtain sanction
for providing Kodakanal with a slaughter
house and a cooling room. The surrounding
amidst which the butchers of Kodakanal
at present carry on their trade have been
described by Mr. Barnetman in para 6 of his

remedy to the present state of things if the
 Kodakanal Municipality were merely
 to comply with the actual wording of Section
 191 of the District Municipalities Act and
 rest satisfied with having provided a
 bare slaughter house. A cooling room is
 even more of a necessity at Kodakanal
 than a slaughter house and will be the
 only effective means of suppressing the
 insanitary practices described by Dr
 Bannerman.

2. The Municipality is also very
 much in need of rubbish carts, night-soil
 buckets &c. It would be of little use
 to increase the number of sweepers and
 scavengers that were being entertained
 by the late Kodakanal Union until these
 necessities be procured and no reforms
 could till then be effected in the practices
 now existing for the disposal of night-soil
 and rubbish. The Council beg that the
 recommendation by Dr Bannerman in the

and a grant sanctioned to enable the
 municipality to meet the cost of obtaining
 these appliances. It has been roughly estimated
 that the cost could amount to Rs 750, the
 appliances most urgently wanted being
 2 rubbish carts & 6 night-soil iron hand carts,
 1 night-soil iron bullock cart (Lorry)

I beg to remain
 Sir
 Your most obedient servant

2. The slaughter house & cooling room,
mentioned in Para 1, are undoubtedly
very necessary. Also the rubbish cart,

And I do not think the

sufficient funds for the purchase
for some time to come.

3. If both consumers & vendors
contribute to the Municipality
for these purposes, estimates of
