G.O., No. 466, Revenue, dated 20th July 1899.

Read—the following paper:—

From J. A. CUMMING, Esq., I.C.S., President, District Board, Gódvári, to the Secretary to Government, Local and Municipal Department, dated Cocanada, 6th May 1899, No. 735-D.B.:—

Rule 2 of the notification for the sale of ferries, published at pages 758 and 759 of the *Fort St. George Gazette*, Part I, dated 14th June 1892, lays down that the ballakats which the District Board may supply to the renters should be returned in proper condition, when the lease expires. It is necessary that the ballakats with wooden bottoms plying over salt creek and tidal rivers should be docked and tarred at least once a month to destroy barnacles. This duty, though impliedly incumbent on the renters under the terms of the rule, should be made more explicit by the insertion of a separate clause to that effect, as proposed by the President of the Narsapur Taluk Board. The District Board has approved of the proposal to insert the clause in question (*vide* copy of its resolution, No. 3, dated 29th April 1899), and I have the honour to request that Government will be pleased to sanction the modification proposed by the District Board and order the same to be inserted in the above notification.

ENCLOSURE.

EXTRACT from the Proceedings of the District Board, Gódvári, passed at its meeting held at Cocanada on 29th April 1899.

3. Read letter, Ref. on Cur. No. 649 of 1899, dated 6th April 1899, from the President, Taluk Board, Narsapur, suggesting that rule 2 of the rules for the sale of ferries about the keeping of the Board's boats and ballakats in good condition, may be made more explicit in the case of ferries over salt creeks and tidal rivers.

Rule 2 of ferry sale rules will be modified by the insertion of the following clause after the first sentence:—

"All ballakats with wooden bottom plying over salt creeks and tidal rivers should be docked and tarred at least once a month to destroy barnacles."
