To
The Sanitary Commissioner, with an extract from the address.
Copy of the address
17/11/99

Extract from the address presented to His Excellency the
Governor of Madras by the Residents in Kodai-
kanal in October 1899.

x x x x x x

No doubt it is in a great measure owing to the Deputy Sanitary
Commissioner's report that Your Excellency's Government have sanc-
tioned a Municipality for this place. It is to be hoped that the
results of that measure will be good in all points of view. And
we trust that it will be found possible to carry out the remainder
of Dr. Bannerman's recommendations. In connection therewith we would
point out to Your Excellency that it is most desirable that an area
should be reserved for the future water-supply of Kodaikanal, a
matter which is likely to become more and more urgent year by year
and, further, that in connection with the sanitation of the place,
also a matter of pressing importance, an area of sufficient size
should be allotted for the disposal of sweepings. We would ask
Your Excellency to assist the Municipality in the procuring of an
Incinerator, to enable sweepings and refuse to be rendered innocuous
and even useful, in the most perfect and satisfactory manner. It
has been stated that within a reasonably short period an Incinerator
would repay its cost, by the sale of converted refuse for use as
manure.

2. The Kodaikanal people asked that areas should be reserved for water-supply and for the disposal of sweepings, and that an incinerator should be procured. His Excellency replied that Government entirely sympathised with their wishes in these matters and that the Sanitary Commissioner would be asked to report what was advisable.

His Excellency will therefore wish this para. forwarded to the Sanitary Commissioner for report.
