CURRENT NO. 2909

The Secretary to Government,

Local and Municipal Department.

SIR,

Hay D

With reference to G.O. No. 1469 M. Dis. dated 6th October 1899 granting Rs. 1,600 as a loan to the Cuddapah Municipality for the extension of the infiltration gallery at Bugga, I have the honour to point out that the estimate for this work was prepared in 1897 and no provision for establishment was made at that time as the Council resolved to undertake the work as a famine relief work.

2. As the work has since been sanctioned for execution by this department, I submit herewith a revised estimate amounting to Rs. 2,030 which includes charges for establishment &c. and request that Government will be pleased to advance the additional funds on the same terms. On a small work the establishment charges must of necessity be heavy.

3. Further I have the honour to point out that if the Subsoil water is found to stand at a high level during construction

construction, it may be necessary to provide independent pumping
plant at a cost of about Rs. 600/- but no definite opinion can
be ^{formed} ~~formed~~ on this point until the work is put in hand.

I have the honour to be,

Sir,

Your most obedient servant,

Allan H. Maitland
