Reviewing the Periyakulam — for 1899–1900.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From M.R.Ry. M. IRULAPPA PILLAI Avargal, Chairman, Municipal Council, Periyakulam, to the Secretary to Government, Local and Municipal Department (through the Sub-Collector and the Collector of Madura), dated 31st December 1898, No. 275.

I have the honour to submit the budget estimate of the Periyakulam Municipality for the official year 1899–1900, passed at the meeting of the Municipal Council held on the 24th instant.

REVISED ESTIMATE FOR 1898–99.

Receipts.

2. The receipts of the municipality for 1898–99 as per revised estimate, inclusive of the opening balance of Rs. 1,540, amount to Rs. 18,340 against Rs. 15,380 as per budget estimate. Out of the increase of Rs. 2,960, the sum of Rs. 2,170 is derived from tolls and the remainder from other sources.

3. The important variations between the budget and the revised estimates are explained below :—

		RS.
Budget estimate for 1898–99	.. ..	4,230
Revised " "	.. ..	4,270

4. *Tax on Buildings.*—The increase of Rs. 40 is due to the general improvement in the number and character of buildings.

5. *Tax on Vehicles with Springs and Palanquins.*—Owing to the higher compound rate at which the tax on transits, dholies and chairs of the transit companies was levied, there is the increase of Rs. 60 under this head.

		RS.
Budget estimate for 1898–99	.. ..	240
Revised " "	.. ..	300

6. *Tax on Animals.*—The budget estimate is raised by Rs. 60 with reference to the actuals of 1897–98 and of the first half of 1898–99.

Budget estimate for 1898–99	.. ..	620
Revised " "	.. ..	680

7. *Tax on Carts.*—The reason assigned in the preceding paragraph applies to this also.

Budget estimate for 1898–99	.. ..	900
Revised " "	.. ..	930

8. *Tolls.*—The excess under this head is due to the increase in the toll rates, from one half to three-fourths of the maximum rates sanctioned in G.O., Mis. No. 422 M., dated 21st February 1898, subsequent to the submission of the budget estimate for the current official year.

		RS.
Budget estimate for 1898–99	.. ..	3,450
Revised " "	.. ..	5,520

9. *Sale-proceeds of Night-soil, Street Refuses, &c.*—The increase is due to the carting, to a larger extent, of rubbish in municipal carts to private fields on payment. Agriculturists find it cheaper to have rubbish carted in municipal carts from dust-bins, rather than taking rubbish from rubbish depots in their own or hired carts.

		RS.
Budget estimate for 1898–99	.. ..	200
Revised " "	.. ..	250

10. *Income from Markets and Slaughter-houses.*—The excess is due, as usual, to keen competition at the sale.

		RS.
Budget estimate for 1898–99	.. ..	1,060
Revised " "	.. ..	1,230

11. *Warrant Fees.*—A sum of As. 2 is levied on each warrant issued under the provisions of the Amendment Act. Arrangements have been made to collect taxes as speedily as possible. The fees collected during the first eight months of the year come to Rs. 47. Hence the sum of Rs. 60 is entered in the revised estimate.

		RS.
Budget estimate for 1898–99	.. ..	*Nil.*
Revised " "	.. ..	60

12. *Fines under Municipal and other Acts.*—The increase is due to heavy fines levied in some of the prosecutions instituted by the police.

		RS.
Budget estimate for 1898–99	.. ..	200
Revised " "	.. ..	300

13. *Contributions from Local Boards—Other purposes.*—The District Board paid a contribution of Rs. 120 for the last two years on account of the municipal vaccinator's service in the Local Fund villages adjoining the municipality. The same amount is expected this year also.

		RS.
Budget estimate for 1898–99	.. ..	60
Revised " "	.. ..	120

14. *Advances.*—The sum of Rs. 110 is entered in the revised estimate on account of the actual adjustment of the advance made to a pleader in the previous year for the costs of a civil suit and the probable recovery of the excess payment made in 1897–98 for the cost of printed forms and books supplied by the Lawrence Asylum Press, Madras.

Budget estimate for 1898–99	.. ..	300
Revised " "	.. ..	640

20. *Miscellaneous Public Improvements—New Works.*—The sum of Rs. 100 is provided for removing prickly-pear from municipal lands. The cost is debited to this head as deep pits were dug out and prickly-pear was buried in them after being burnt with heaps of rubbish. 29. *Lighting.*—The saving of Rs. 30 on account of the late appointment of the lighting superintendent sanctioned in G.O., Mis. No. 1162 M., dated 1st July 1898, is partly counterbalanced by an increase in contingent charges owing to the number of lamps being increased from 127 to 142.

30. *Avenues—Contingencies.* — The provision is raised to meet the cost of a water-lift.

31. *Compensation for Lands.*—The provisions made in the original budget for the compensation of land intended for a Roman Catholic burial-ground is not likely to be utilized, as no suitable land is available at a comparatively short distance from the town. The provision for the compensation of land required for a public latrine alone is therefore entered under this head.

32. *Grant 4, 9 (v) Other Items.*—The payment of assessment for some years on a piece of land used as a rubbish depot, about the right of which there was a civil suit by a resident of the town, accounts for the increase under this head. The result of the suit was favourable to the Council.

Budget Estimate for 1899-1900.

Receipts.

34. The opening balance of the budget year is Rs. 1,240.

35. *Tax on Arts.*—A small increase is expected as a District Munsif's Court is to be newly established in April next.

	Rs.
Revised estimate for 1898-99	580
Budget „ 1899-1900 ..	600

36. *Tax on Buildings.*—The increase is due to the present revision of house-tax registers, which will be adopted for the next year.

Revised estimate for 1898-99	4,270
Budget „ 1899-1900 ..	4,400

37. *Tax on Lands.*—The increase under this head is also due to the complete revision of assessments.

Revised estimate for 1898-99	300
Budget „ 1899-1900 ..	330

38. *Tax on Vehicles with Springs and Palanquins.*—The tax on each transit, dholy and chair was levied at the increased rate of Rs. 1-8-0, only for the second half of the current official year. The prospect of collecting the tax at that rate for the two halves of the next year, accounts for the increase of Rs. 20.

	Rs.
Revised estimate for 1898-99	300

39. *Tolls.*—A reduction is expected in the lease amount, as the present lessees are said to make no profit by their lease.

	Rs.

Budget „ 1899-1900 ..	5,250

40. *Sale-proceeds of Lands, Gardens, &c.*—A sum not less than Rs. 300 is expected by the disposal of the land acquired some years ago for constructing a road and building houses in the southern part of the town. The portion of land not required for the road will be sold.

41. *Warrant Fees.*—It is believed that taxes will be collected next year without issuing so many warrants as in the current year.

42. *Fines under Municipal and other Acts.*—The sum which can be safely expected from this source is Rs. 250 which is put down for the budget year. The increase in the current and last years is due to heavy fines in some prosecutions.

43. *Grant from Government.*—Credit is taken, as in the current year, for a half grant of the salary of the gymnastic instructor, and a third grant of that of the drawingmaster. The increase of Rs. 10 is due to the raising of the salary of the latter, noticed in paragraph 51 *infra*.

45. The receipts of the municipality for 1899-1900, inclusive of the opening balance of Rs. 1,240, amount to Rs. 18,000 against Rs. 18,340 as per revised estimate for 1898-99.

Charges.

46. *Grant 1, Public Works—New Works and Repairs—Communications.*—A sum equal to 50 per cent. of the net receipts from tolls is provided for roads. The sum of Rs. 1,000 has been allotted in the current official year for the improvement of a portion of Crole's road. A further sum of Rs. 700 is allotted in the present

budget for the improvement of the remaining portion of the said road. This is an important road situated on the southern bank of the Varahanadi. Provision is made for the compensation of lands required for opening a road in continuation of Anumar covil ford and for widening Kalastheri Iswaram covil street. Steps have already been taken for the acquisition of these lands. As almost all the main streets will be put in order before the close of March next, the sum of Rs. 1,300 only is provided for the next official year for their repairs and the repair of lanes.

47. *Water-supply—New Works.*—The sum of Rs. 100 against Rs. 80 in 1898–99 is provided for sinking some wells and digging "Odakals" (temporary springs) in the bed of the river to supply good water for drinking purposes.

48. *Buildings.*—A very small provision is made under this head as a large outlay is required for plague preventive measures.

49. *Grant 1, 3. Establishment.*—The Council proposes to raise the salary of the overseer from Rs. 12 to Rs. 14 in view of his increased work on account of larger outlay on public works from this year forward. Besides, his present salary is inadequate for his responsibility.

50. *Tools and Plant and other Stores.*—The usual provision is made here. The excess in 1898–99 is due to the cost of two hand-carts for removing road materials.

51. *Grant 2, Education.*—The amount provided in the budget estimate of the Assistant Inspector of Schools is Rs. 1,825 which the Council raised to Rs. 1,970. The increase is made under "fixed and result grants, inspection, common drawing and other items." The increase under "fixed and result grants" is due, as in the current year, to the payment of result grants to two new schools which were examined for aid subsequent to the receipt of the educational budget. The Assistant Inspector also recommended the raising of the allotment when he came here for inspection. The increase under "Inspection and common drawing" is due to the proposal to raise the salary of the inspecting schoolmaster by Rs. 4. He is also the drawingmaster and is paid Rs. 10 for each work. Considering the salary of the inspecting schoolmaster of the neighbouring Dindigul Municipality, which is Rs. 20 for inspection work alone, the proposed increase is suggested for his double work. The increase under "Other items" is due to the provision of Rs. 50 for payment of school fees on account of poor boys with reference to section 122 of the District Municipalities Act. The last course will, it is believed, improve primary education. There is a reduction of Rs. 50 under "Building and furniture grants" as compared with the provision for the current year, which is attributable to the fact that the schools in the municipality are fairly well accommodated and furnished.

52. *Grant 3, Hospitals.*—Provision is made for the salary of a second-class hospital assistant, the first-class hospital assistant who was in charge of the hospital having been transferred in September last. The salaries of the midwife and the cook are raised from Rs. 10 and 5 to Rs. 12 and 6, respectively, on the strong recommendation of the District Medical and Sanitary Officer. The increase in the former case was recommended on account of her long service of 24 years and good work which will be clear from the continual increase in the number of labour cases attended by her during the past few years. The increase in the latter case was recommended on the ground that the cook attends both to cooking and supplying water to the hospital. A sum of Rs. 100 in addition to the usual allotment under "Medicines and supplies" is provided as the hospital has been, for several months every year, wanting in many ordinary and simple medicines of low value to the great complaint and inconvenience of the public.

53. *Conservancy, Road-cleaning, &c.*—The following explain the variation between the figures of 1898–99 and 1899–1900 :—

	Rs.
Actuals of 1897–98	4,146
Revised estimate for 1898–99	5,360
Budget „ 1899–1900 ..	6,420

(1) The provision for the salary and horse allowance of a certificated sanitary inspector at Rs. 20 + 15 per mensem.

(2) The provision for the salary of two additional toties and one additional sweeper at Rs. 5 each per mensem.

(3) The provision for an increase of As. 8 to the salary of each of the two sanitary peons.

(4) The provision for the hire of an additional rubbish cart.

(5) The provision of Rs. 2,000 against Rs. 1,370 in 1898–99 under "Cholera or epidemic charges."

The question of appointing a certificated sanitary inspector was considered early in the current official year and it was postponed to the next year, as large sums of money were unavoidably necessary for other purposes. The small increase of As. 8 to the salary of each of the sanitary peons is recommended to make it at least equal to the salary of Rs. 6 of each of the taluk peons who have, besides, a prospect of pension. The increase in the number of toties, sweepers and rubbish carts is made with reference to the remarks of the Sanitary Commissioner in the last budget. The increase under "Epidemic charges" calls for no remarks. If a further increase be found necessary under that head, it will be met by a loan from the funds (Rs. 2,100–7–3) of the late Sanitary Association, which are shown under Deposit Account. The funds are reserved for the cost of constructing a bridge over the Varahanadi to connect Thengarai with Vadagarai, as the necessity is much felt especially when the river is in freshes. But there is no prospect of the work being executed in the near future. The sum of Rs. 1,135 allotted for plague expenditure for the last four months of 1898–99 will also be available for the next year if fortunately the town be free from plague this year.

54. *Lighting.*—Provision is made for the salary of a superintendent on Rs. 10 per mensem for the full year against only a few months in 1898–99 and for the salary of four masalchies at Rs. 6 per mensem against only three in 1898–99. The number of lamps lit is 142 against 127 in 1897–98. It is intended to put eight more lamps and to light the town on almost all nights. The additional cost on account of the increase in the number of nights on which lamps are lit is estimated at Rs. 200, the cost of establishment not being taken into account. Provision is also made under "Contingencies" for the cost of fifteen lanterns and five stone lamp posts.

56. *Survey of Land.*—The cost of stones planted on public streets and municipal lands by the Town Surveying Department, Madras, is provided in the revised estimate of 1898–99. No such expenditure is expected in 1899–1900.

The compensation for lands for opening and widening streets is provided under *Grant I*, 1 (*a*) *Communications* with reference to the instruction in G.O., No. 644 M., dated 4th April 1892.

58. *Grant 4*, 9 (v) *Other Items.*—Assessment on municipal lands, cost of numbering carts and two or more small charges ordinarily amount to Rs. 80 which is entered in the budget for 1899–1900. The increase in 1898–99 is explained in paragraph 32 *supra*.

59. *Grant 5.*—Provision is made for an increase in the salaries of the head clerk, the second clerk and the office peon by Rs. 5, 2, and As. 8, respectively. The head clerk has 12 years' service in this municipality, and during these years has given entire satisfaction both to the Council and the auditors by his care and hard work. The Council unanimously recommended the increase in his salary on my motion for his good work which will be clear from the audit reports and the satisfactory state of the administration of the municipality. The second clerk is also the shroff. His present salary of Rs. 10 is considered inadequate for his hard work and responsibility. The increase to the peons and responsibility in dealing with money. Provision is made for the salary of a clerk sanctioned in G.O., Mis. No. 1974 M., dated 23rd November 1898, for preparing assessment registers for two months at Rs. 8 per mensem. The current year's provision for the purchase of account books and office contingencies is repeated for the next year. The large increase in the actuals of 1897–98 is due to the purchase of many bound registers which will last for several years and to the purchase of office furniture. The contribution on account of controlling establishment is raised by Rs. 10 with reference to G.O., No. 2250 L., dated 25th November 1898.

61. The total charges for 1899–1900 are estimated at Rs. 16,950 against Rs. 17,100 as per revised estimate for 1898–99.

62. *Closing balance.*—The budget closes with a balance of Rs. 1,050 against Rs. 1,240 as per revised estimate for the current official year.

63. The Epidemic charges amount to Rs. 3,135 for 16 months from 1st December 1898. If there be no necessity to spend the amount on account of plague, it will be spent in improving the markets and choultries.

MADURA COLLECTOR'S OFFICE, C. J. WEIR,
16th January 1899. *Collector.*

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 10th January 1899, No. 337.

Referring to the budget estimate of the Periyakulam Municipality for 1899–1900, I have the honour to state that the allotments made therein under the several heads of Grant 2 call for no remarks and may be accepted. The net expenditure proposed is Rs. 1,800 (1,970—170), which is about 13 per cent. of the estimated income of the municipality from taxation, markets and rents.

From Surgeon-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 19th January 1899, No. 62.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Periyakulam Municipality for the year 1899–1900 is sufficient.

2. The increase of pay recommended in the case of the midwife and cook meets with my approval.

Revised Estimate for 1898–99.

2. The current receipts and charges are now estimated at Rs. 16,800 and Rupees 17,100, respectively, against Rs. 13,840 and Rs. 14,680 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under tolls, while that in the charges appears under Grants 1, 3 and 4. The proposals of the Municipal Council to pay the sanitary maistry Rs. 15 a month while he is undergoing training at Madras and to entertain an acting man on Rs. 10 are sanctioned. With reference to G.O., No. 1259, Financial, dated 28th December 1898, communicated with G.O., No. 44 L., dated 11th January 1899, the Government considers that it will be sufficient to reserve a sum of Rs. 510 for expenditure on plague preventive measures in the current year. The provision made for epidemic charges will accordingly be reduced by Rs. 860. The balance to be carried forward to the ensuing year's budget will then be Rs. 2,100.

Budget Estimate for 1899–1900.

3. *Receipts.*—The receipts for the ensuing year are put down at Rs. 16,760 against Rs. 16,800 in the revised estimate. There is a decrease under tolls and advances recovered, but it is almost covered by an increase under the tax on buildings and sale-proceeds of lands.

4. *Charges.*—(1) The probable charges are entered as Rs. 16,950 against the revised estimate of Rs. 16,240. There is an increase under Grant 3, but it is partly counterbalanced by a decrease under Grants 1 and 4.

(2) *Grants 1 and 2.*—The Municipal Council's proposals to raise the salaries of the public works overseer, inspecting schoolmaster and common drawing master by Rs. 2 each are approved.

(3) *Grant 3.*—The increases in the salaries of the hospital midwife and cook, proposed in paragraph 52 of the Chairman's letter, are sanctioned. The remarks of the Sanitary Commissioner on the allotments for vaccination, registration of vital statistics and sanitation are awaited. Meanwhile the provision for epidemic charges will be raised by Rs. 100 with reference to G.O., No. 1259, Financial, dated 28th December 1898, communicated with G.O., No. 44 L., dated 11th January 1899.

(4) *Grants 4 and 5.*—The entertainment of an additional lamp-lighter on Rs. 6 is sanctioned. The increases in the salaries of the Municipal office Head clerk, second clerk and peon, proposed in paragraph 59, are approved.

5. As revised by Government, the budget closes with a balance of Rs. 1,810 or 10·8 per cent. of the estimated receipts.

Municipal Budget.

Reviewing the Periyakulam — for 1899–1900.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

From M.R.Ry. M. IRULAPPA PILLAI Avargal, Chairman, Municipal Council, Periyakulam, to the Secretary to Government, Local and Municipal Department (through the Sub-Collector and the Collector of Madura), dated 31st December 1898, No. 275.

I have the honour to submit the budget estimate of the Periyakulam Municipality for the official year 1899–1900, passed at the meeting of the Municipal Council held on the 24th instant.

REVISED ESTIMATE FOR 1898–99.

Receipts.

2. The receipts of the municipality for 1898–99 as per revised estimate, inclusive of the opening balance of Rs. 1,540, amount to Rs. 18,340 against Rs. 15,380 as per budget estimate. Out of the increase of Rs. 2,960, the sum of Rs. 2,170 is derived from tolls and the remainder from other sources.

3. The important variations between the budget and the revised estimates are explained below:—

4. *Tax on Buildings.*—The increase of Rs. 40 is due to the general improvement in the number and character of buildings.

	Rs.
Budget estimate for 1898–99	4,230
Revised ,, ,, ...	4,270

5. *Tax on Vehicles with Springs and Palanquins.*—Owing to the higher compound rate at which the tax on transits, dholies and chairs of the transit companies was levied, there is the increase of Rs. 60 under this head.

	Rs.
Budget estimate for 1898–99	240
Revised ,, ,, ...	300

6. *Tax on Animals.*—The budget estimate is raised by Rs. 60 with reference to the actuals of 1897–98 and of the first half of 1898–99.

Budget estimate for 1898–99	620
Revised ,, ,, ...	680

7. *Tax on Carts.*—The reason assigned in the preceding paragraph applies to this also.

Budget estimate for 1898–99	900
Revised ,, ,, ...	930

8. *Tolls.*—The excess under this head is due to the increase in the toll rates, from one half to three-fourths of the maximum rates sanctioned in G.O., Mis. No. 422 M., dated 21st February 1898, subsequent to the submission of the budget estimate for the current official year.

	Rs.
Budget estimate for 1898–99	3,150
Revised ,, ,, ...	5,620

9. *Sale-proceeds of Night-soil, Street Refuses, &c.*—The increase is due to the carting, to a larger extent, of rubbish in municipal carts to private fields on payment. Agriculturists find it cheaper to have rubbish carted in municipal carts from rubbish depots in their own or hired carts.

	Rs.
Budget estimate for 1898–99	200
Revised ,, ,, ...	250

10. *Income from Markets and Slaughter-houses.*—The excess is due, as usual, to keen competition at the sale.

	Rs.
Budget estimate for 1898–99	1,060
Revised ,, ,, ...	1,230

11. *Warrant Fees.*—A sum of As. 2 is levied on each warrant issued under the provisions of the Amendment Act. Arrangements have been made to collect taxes as speedily as possible. The fees collected during the first eight months of the year come to Rs. 47. Hence the sum of Rs. 60 is entered in the revised estimate.

	Rs.
Budget estimate for 1898–99	*Nil.*
Revised ,, ,, ...	60

12. *Fines under Municipal and other Acts.*—The increase is due to heavy fines levied in some of the prosecutions instituted by the police.

	Rs.
Budget estimate for 1898–99	200
Revised ,, ,, ...	300

13. *Contributions from Local Boards—Other purposes.*—The District Board paid a contribution of Rs. 120 for the last two years on account of the municipal vaccinator's service in the Local Fund villages adjoining the municipality. The same amount is expected this year also.

	Rs.
Budget estimate for 1898–99	60
Revised ,, ,, ...	120

14. *Advances.*—The sum of Rs. 110 is entered in the revised estimate on account of the actual adjustment of the advance made to a pleader in the previous year for the costs of a civil suit and the probable recovery of the excess payment made in 1897–98 for the cost of printed forms and books supplied by the Lawrence Asylum Press, Madras.

	Rs.
Budget estimate for 1898–99	*Nil.*
Revised ,, ,, ...	110

Charges.

15. The charges as per revised estimate amount to Rs. 17,110 against Rs. 15,380 as per budget.

	Rs.

Revised ,, ,, ...	2,710

16. *Grant 1, Public Works—New Works and Repairs—Communications.*—The provision is raised in view of the increase in the income from tolls and to put the roads in a better condition.

17. *Buildings—New Works.*—The sum of Rs. 500 provided for the construction of a slaughter-house is transferred to "Grant 3, 5 (*c*) Cholera or Epidemic charges" with reference to the instructions in G.O., Mis. No. 1941 M., dated 18th November 1898.

	Rs.
Budget estimate for 1898–99	700
Revised ,, ,, ...	200

18. *Water-supply—New Works.*—The amount of the estimate prepared for improving the condition of a drinking-water well is entered in the revised estimate.

19. *Buildings—Repairs.*—The increase is due to the repair of the contagious disease shed and the revision of the estimate for the repair of the office building.

Budget estimate for 1898–99	300
Revised ,, ,, ...	640

20. *Miscellaneous Public Improvements—New Works.*—The sum of Rs. 100 is provided for removing prickly-pear from municipal lands. The cost is debited to this head as deep pits were dug out and prickly-pear was buried in them after being burnt with heaps of rubbish. Payments were made on contract certificate forms with measurement sheets attached thereto.

29. *Lighting.*—The saving of Rs. 30 on account of the late appointment of the lighting superintendent sanctioned in G.O., Mis. No. 1162 M., dated 1st July 1898, is partly counterbalanced by an increase in contingent charges owing to the number of lamps being increased from 127 to 142.

31. *Compensation for Lands.*—The provisions made in the original budget for the compensation of land intended for a Roman Catholic burial-ground is not likely to be utilized, as no suitable land is available at a comparatively short distance from the town. The provision for the compensation of land required for a public latrine alone is therefore entered under this head.

32. *Grant 4, 9 (v) Other Items.*—The payment of assessment for some years on a piece of land used as a rubbish depot, about the right of which there was a civil suit by a resident of the town, accounts for the increase under this head. The result of the suit was favourable to the Council.

Budget „ 1899–1900 ..	330

37. *Tax on Lands.*—The increase under this head is also due to the complete revision of assessments.

38. *Tax on Vehicles with Springs and Palanquins.*—The tax on each transit, dholy and chair was levied at the increased rate of Rs. 1–8–0, only for the second half of the current official year. The prospect of collecting the tax at that rate for the two halves of the next year, accounts for the increase of Rs. 20.

40. *Sale-proceeds of Lands, Gardens, &c.*—A sum not less than Rs. 300 is expected by the disposal of the land acquired some years ago for constructing a road and building houses in the southern part of the town. The portion of land not required for the road will be sold.

43. *Grant from Government.*—Credit is taken, as in the current year, for a half grant of the salary of the gymnastic instructor, and a third grant of that of the drawingmaster. The increase of Rs. 10 is due to the raising of the salary of the latter, noticed in paragraph 51 *infra*.

44. *Advances.*—This is not an ordinary source of revenue and therefore nothing is shown here for 1899–1900. The sum of Rs. 110 taken credit for in the revised estimate is explained in paragraph 14 *supra*.

45. The receipts of the municipality for 1899–1900, inclusive of the opening balance of Rs. 1,240, amount to Rs. 18,000 against Rs. 18,340 as per revised estimate for 1898–99.

Charges.

46. *Grant 1, Public Works—New Works and Repairs—Communications.*—A sum equal to 50 per cent. of the net receipts from tolls is provided for roads. The sum of Rs. 1,000 has been allotted in the current official year for the improvement of a portion of Crole's road. A further sum of Rs. 700 is allotted in the present

	Rs.

budget for the improvement of the remaining portion of the said road. This is an important road situated on the southern bank of the Varahanadi. Provision is made for the compensation of lands required for opening a road in continuation of Anumar covil ford and for widening Kalastheri Iswaram covil street. Steps have already been taken for the acquisition of these lands. As almost all the main streets will be put in order before the close of March next, the sum of Rs. 1,300 only is provided for the next official year for their repairs and the repair of lanes.

47. *Water-supply—New Works.*—The sum of Rs. 100 against Rs. 80 in 1898–99 is provided for sinking some wells and digging "Odakals" (temporary springs) in the bed of the river to supply good water for drinking purposes.

48. *Buildings.*—A very small provision is made under this head as a large outlay is required for plague preventive measures.

49. *Grant 1, 3. Establishment.*—The Council proposes to raise the salary of the overseer from Rs. 12 to Rs. 14 in view of his increased work on account of larger outlay on public works from this year forward. Besides, his present salary is inadequate for his responsibility.

51. *Grant 2, Education.*—The amount provided in the budget estimate of the Assistant Inspector of Schools is Rs. 1,825 which the Council raised to Rs. 1,970. The increase is made under "fixed and result grants, inspection, common drawing and other items." The increase under "fixed and result grants" is due, as in the current year, to the payment of result grants to two new schools which were examined for aid subsequent to the receipt of the educational budget. The Assistant Inspector also recommended the raising of the allotment when he came here for inspection. The increase under "Inspection and common drawing" is due to the proposal to raise the salary of the inspecting schoolmaster by Rs. 4. He is also the drawingmaster and is paid Rs. 10 for each work. Considering the salary of the inspecting schoolmaster of the neighbouring Dindigul Municipality, which is Rs. 20 for inspection work alone, the proposed increase is suggested for his double work. The increase under "Other items" is due to the provision of Rs. 50 for payment of school fees on account of poor boys with reference to section 122 of the District Municipalities Act. The last course will, it is believed, improve primary education. There is a reduction of Rs. 50 under "Building and furniture grants" as compared with the provision for the current year, which is attributable to the fact that the schools in the municipality are fairly well accommodated and furnished.

52. *Grant 3, Hospitals.*—Provision is made for the salary of a second-class hospital assistant, the first-class hospital assistant who was in charge of the hospital having been transferred in September last. The salaries of the midwife and the cook are raised from Rs. 10 and 5 to Rs. 12 and 6, respectively, on the strong recommendation of the District Medical and Sanitary Officer. The increase in the former case was recommended on account of her long service of 24 years and good work which will be clear from the continual increase in the number of labour cases attended by her during the past few years. The increase in the latter case was recommended on the ground that the cook attends both to cooking and supplying water to the hospital. A sum of Rs. 100 in addition to the usual allotment under "Medicines and supplies" is provided as the hospital has been, for several months every year, wanting in many ordinary and simple medicines of low value to the great complaint and inconvenience of the public.

53. *Conservancy, Road-cleaning, &c.*—The following explain the variation between the figures of 1898–99 and 1899–1900 :—

	Rs.
Actuals of 1897–98	4,146
Revised estimate for 1898–99	5,360
Budget „ 1899–1900 ..	6,420

(1) The provision for the salary and horse allowance of a certificated sanitary inspector at Rs. 20 + 15 per mensem.

(2) The provision for the salary of two additional toties and one additional sweeper at Rs. 5 each per mensem.

(3) The provision for an increase of As. 8 to the salary of each of the two sanitary peons.

(4) The provision for the hire of an additional rubbish cart.

(5) The provision of Rs. 2,000 against Rs. 1,370 in 1898–99 under "Cholera or epidemic charges."

The question of appointing a certificated sanitary inspector was considered early in the current official year and it was postponed to the next year, as large sums of money were unavoidably necessary for other purposes. The small increase of As. 8 to the salary of each of the sanitary peons is recommended to make it at least equal to the salary of Rs. 6 of each of the taluk peons who have, besides, a prospect of pension. The increase in the number of toties, sweepers and rubbish carts is made with reference to the remarks of the Sanitary Commissioner in the last budget. The increase under "Epidemic charges" calls for no remarks. If a further increase be found necessary under that head, it will be met by a loan from the funds (Rs. 2,100–7–3) of the late Sanitary Association, which are shown under Deposit Account. The funds are reserved for the cost of constructing a bridge over the Varahanadi to connect Thengarai with Vadagarai, as the necessity is much felt especially when the river is in freshes. But there is no prospect of the work being executed in the near future. The sum of Rs. 1,135 allotted for plague expenditure for the last four months of 1898–99 will also be available for the next year if fortunately the town be free from plague this year.

54. *Lighting.*—Provision is made for the salary of a superintendent on Rs. 10 per mensem for the full year against only a few months in 1898–99 and for the salary of four masalchies at Rs. 6 per mensem against only three in 1898–99. The number of lamps lit is 142 against 127 in 1897–98. It is intended to put eight more lamps and to light the town on almost all nights. The additional cost on account of the increase in the number of nights on which lamps are lit is estimated at Rs. 200, the cost of establishment not being taken into account. Provision is also made under "Contingencies" for the cost of fifteen lanterns and five stone lamp posts.

The compensation for lands for opening and widening streets is provided under *Grant I*, 1 (*a*) *Communications* with reference to the instruction in G.O., No. 644 M., dated 4th April 1892.

58. *Grant 4*, 9 (v) *Other Items.*—Assessment on municipal lands, cost of numbering carts and two or more small charges ordinarily amount to Rs. 80 which is entered in the budget for 1899–1900. The increase in 1898–99 is explained in paragraph 32 *supra*.

59. *Grant 5.*—Provision is made for an increase in the salaries of the head clerk, the second clerk and the office peon by Rs. 5, 2, and As. 8, respectively. The head clerk has 12 years' service in this municipality, and during these years has given entire satisfaction both to the Council and the auditors by his care and hard work. The Council unanimously recommended the increase in his salary on my motion for his good work which will be clear from the audit reports and the satisfactory state of the administration of the municipality. The second clerk is also the shroff. His present salary of Rs. 10 is considered inadequate for his hard work and responsibility. The increase to the salary of the office peon is proposed in view of his superior qualifications over other peons and responsibility in dealing with money. Provision is made for the salary of a clerk sanctioned in G.O., Mis. No. 1974 M., dated 23rd November 1898, for preparing assessment registers for two months at Rs. 8 per mensem. The current year's provision for the purchase of account books and office contingencies is repeated for the next year. The large increase in the actuals of 1897–98 is due to the purchase of many bound registers which will last for several years and to the purchase of office furniture. The contribution on account of controlling establishment is raised by Rs. 10 with reference to G.O., No. 2250 L., dated 25th November 1898.

60. *Refunds of other than current collections.*—The provision here is *nil* against Rs. 20 in 1898–99, as the lessees are likely to be paid a portion of the fines levied in prosecutions instituted by them before the close of the current official year.

61. The total charges for 1899–1900 are estimated at Rs. 16,950 against Rs. 17,100 as per revised estimate for 1898–99.

62. *Closing balance.*—The budget closes with a balance of Rs. 1,050 against Rs. 1,240 as per revised estimate for the current official year.

63. The Epidemic charges amount to Rs. 3,135 for 16 months from 1st December 1898. If there be no necessity to spend the amount on account of plague, it will be spent in improving the markets and choultries.

64. Copy of the resolution of the Council passing the draft budget and proposition statement are herewith submitted.

2. Medical training of women has not been provided for.

3. The increase of pay asked for in several of the cases may be put off in consideration of the necessity to provide adequate funds for plague expenditure.

4. The Council has allotted Rs. 2,000 for plague charges in 1899–1900 and proposed to take a loan from the funds (Rs. 2,100–7–3) of the late sanitary association if necessary. The allotment of Rs. 2,000 may be raised to at least Rs. 3,000.

MADURA COLLECTOR'S OFFICE,

C. J. WEIR,
Collector.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 10th January 1899, No. 337.

Referring to the budget estimate of the Periyakulam Municipality for 1899–1900, I have the honour to state that the allotments made therein under the several heads of Grant 2 call for no remarks and may be accepted. The net expenditure proposed is Rs. 1,800 (1,970—170), which is about 13 per cent. of the estimated income of the municipality from taxation, markets and rents.

From Surgeon-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 19th January 1899, No. 62.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Periyakulam Municipality for the year 1899–1900 is sufficient.

2. The increase of pay recommended in the case of the midwife and cook meets with my approval.

REVISED ESTIMATE FOR 1898-99.

2. The current receipts and charges are now estimated at Rs. 16,800 and Rupees 17,100, respectively, against Rs. 13,840 and Rs. 14,680 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under tolls, while that in the charges appears under Grants 1, 3 and 4. The proposals of the Municipal Council to pay the sanitary maistry Rs. 15 a month while he is undergoing training at Madras and to entertain an acting man on Rs. 10 are sanctioned. With reference to G.O, No. 1259, Financial, dated 28th December 1898, communicated with G.O., No. 44 L., dated 11th January 1899, the Government considers that it will be sufficient to reserve a sum of Rs. 510 for expenditure on plague preventive measures in the current year. The provision made for epidemic charges will accordingly be reduced by Rs. 860. The balance to be carried forward to the ensuing year's budget will then be Rs. 2,100.

BUDGET ESTIMATE FOR 1899-1900.

3. *Receipts.*—The receipts for the ensuing year are put down at Rs. 16,760 against Rs. 16,800 in the revised estimate. There is a decrease under tolls and advances recovered, but it is almost covered by an increase under the tax on buildings and sale-proceeds of lands.

4. *Charges.*—(1) The probable charges are entered as Rs. 16,950 against the revised estimate of Rs. 16,240. There is an increase under Grant 3, but it is partly counterbalanced by a decrease under Grants 1 and 4.

(2) *Grants 1 and 2.*—The Municipal Council's proposals to raise the salaries of the public works overseer, inspecting schoolmaster and common drawing master by Rs. 2 each are approved.

(3) *Grant 3.*—The increases in the salaries of the hospital midwife and cook, proposed in paragraph 52 of the Chairman's letter, are sanctioned. The remarks of the Sanitary Commissioner on the allotments for vaccination, registration of vital statistics and sanitation are awaited. Meanwhile the provision for epidemic charges will be raised by Rs. 100 with reference to G.O., No. 1259, Financial, dated 28th December 1898, communicated with G.O., No. 44 L., dated 11th January 1899.

(4) *Grants 4 and 5.*—The entertainment of an additional lamp-lighter on Rs. 6 is sanctioned. The increases in the salaries of the Municipal office Head clerk, second clerk and peon, proposed in paragraph 59, are approved.

5. As revised by Government the budget closes with a balance of Rs. 1,810 or 10·8 per cent. of the estimated receipts.
