To
THE Secretary to Government
Local and Municipal Department

Sir,

With reference to G.O 1572 P dated 31st ultimo orders have been issued for closing the Road Frontier Inspection stations on the banks of the Tungabhadra River with effect from the 15th proximo.

2. I have now the honour to address Government again on the subject of the two Inspection stations at Kampli and Thalavanghatta. The proposals for closing all these river stations were made by my predecessor in his letter of October 16 read in the G.O. above quoted. Since that date there has been a serious recrudescence of plague in the villages on the other side of the border, and my Head Assistant Collector, Mr. Lloyd, thinks that Kampli and the neighbourhood are now in greater danger of infection than they have ever been

been before. According to the periodical returns kindly furnished to me by the Hyderabad officials, there were 33 attacks and deaths at Ganga-wati and 48 attacks and 38 deaths at Guntkal between the 16th ultimo and the 5th instant. Later figures are not yet available. These villages lie close to Kampli, and Mr. Lloyd advocates the retention of the Inspection Station at this place, at any rate until March next: he considers that the Thalavarghatta station may, however, be abolished. The District Medical and Sanitary Officer considers it inadvisable to dispense with either station at present.

3. I am of opinion that the Kampli Station should certainly be maintained until the end of March next. It is true that the river is fordable and that the Inspection Stations can be avoided, but the existence of an inspecting staff gives us control over the ordinary traffic and is of some value. As regards the Thalavárghatta Station, which is situated close to Hampi, I recommend its retention till the end of December. On or about the 18th of that month the annual Phalapúja festival takes place at Hampi, and although it is reported that at the last festival no one came from the Nizam's dominions, a small influx of worshippers is expected from other quarters. The festival is not an important one and I have not thought it necessary to address Government separately in the matter, but it seems wiser to retain the Road Frontier Inspection Station until the ceremony is over.

I have the honour to be

Sir,

Your most obedient Servant.
