SUBJECT.

Explaining the discrepancy in the number of attacks and deaths in Hiremagalur village for the week ending 14.11.99 and suggesting that the date of the submission of the weekly return prescribed in the P. & C. Commissioners' pro no 457 be altered so as to suit the tahsiladar of Harpanahalli and that necessary information regarding plague seizures and deaths during the week be made to be furnished by the Additional medical officer to Government.

24/12/99

24-12-99

To the Collector of Bellary

As there is no harm in the report reaching the Govt office on Sunday or Monday

NOTE FOR THE

Memorandum

Ref. no. 3571-P 18/1/98

In the weekly statement of plague cases submitted by the Tahildar of Karpanaballi, he states that the village of Keri Megalageri & its hamlet Kairi-basapuram, have had 21 attacks & 11 deaths in all, whereas the no. of attacks & deaths as reported by the Collector in his daily telegrams comes to 19 & 9 respectively as shown below:-

Reported on 11th	5 - 6
" " 12th	10 - 2
" " 13th	1 - 1
" " 14th	2 - "
	<u>19 - 9</u>

The Collector is requested to explain the discrepancy.

2. Plague Commissioner's Process no. 457 of 21-2-98 calling for weekly reports from the Officers in Charge of plague operations in places

places where plague is
in an indigenous form direct
that such reports should
contain the latest informa-
tion available on Thursday
and should be despatched
direct to reach the P.C.
not later than Saturday
morning. The period
covered by the statement
now received from the P.C.
is the week ending Tuesday
the 14th Nov. 1899. The Collector
is requested to ^{draw} ~~draw~~ the
Tahsildar's attention to
the instructions contained
in the proceedings quoted
above.

PLAGUE.

Ref No. 3443-P

BELLARY COLLECTOR'S OFFICE.

Dated 29th November 1899.

C 3786 P

FROM

R. C. C. Carr Esquire, I. C. S.

as COLLECTOR OF

BELLARY.

To

THE Secretary to Government Local

and Municipal Department

Madras.

SIR,

In reply to Government Ref on C. No.
3571-P dated 18. 11. 1899, I have the honour to
explain why the number of attacks reported
from this office fell short of that reported in
the Tahsildar's statement. ~~by 2~~. The Tahsildar
attributes this difference to the inclusion in
his statement of two suspicious cases discharged
on the 13th instant as being not genuine cases
of plague and not telegraphed to this office
for that reason. The difference of 2 deaths
noticed by Government is due to 2 old deaths
on the 11th instant not having been reported
in this office telegram of the 12th idem.
The error is regretted.

A correct statement of attacks
and

and deaths was submitted with my letter
R. 3376-P dated 18.11.99 recorded in G. O.
No 1684 P. mis: dated 22.11.1899

3 With reference to para 2 of the Govern-
ment reference under reply, I submit that
it is not possible for the Sahsildar to make
up his reports containing the latest information
on Thursday and despatch them so as to reach
Government on Saturday morning. Letters posted
at Harpanahalli are received here on the 3rd day
and the infected village Hiramegalageri is at
a distance of 22 miles from Harpanahalli.
Unless reports are made up for the week ending
each Wednesday and despatched on Thursday
at midday, they cannot reach Govern-
ment on Saturday morning. I therefore suggest
that the date prescribed in the Plague Com-
missioner's proceedings No 457 dated 21.2.1899
may be altered so as to suit the special
circumstances above mentioned.

4. There is now an Additional
Medical Officer at Hiramegalageri and
it seems better that he should send the
necessary information, regarding seizures
and deaths during the week, direct to
Government. If the figures have to be
sent to the Government at Harpanahalli

Plague requires
connected accordingly

and compiled there, delay is sure to arise.
If the Government approves of my sug-
gestion, I will issue the necessary in-
structions.

I have the honour to be

Sir,

Your most obedient servant

Reelan

Acting Collector
