Hospital Assistants employed on plague duty are entitled to plague allowance according to the scale sanctioned in G.O. No 1153P dated 23.9.98. In this District Hospital Assistants are paid a local allowance of Rs 10 per month, called charge allowance when in charge of a dispensary and District allowance when attached to no particular dispensary.

I have the honor therefore to request that you will be good enough to let me know whether the special plague allowance referred to above should be paid to them if employed

THE ~~CHIEF~~ SECRETARY TO GOVERNMENT,
LOCAL AND MUNICIPAL DEPARTMENT,
FORT SAINT GEORGE.

The Civil Apothecaries of Nandyal, Cumbum and the Hospital Assistant at Markapur are being paid a conveyance allowance of 8 annas a day under G.O. No 1690 L. mis. dated 2. 9. 97 for inspecting passengers arriving at their respective Railway Stations. In addition to this these officers claim the allowance of the maximum of 1/5 of their salary sanctioned in G.O. No 1153 dated 23. 9. 98 from the date of that order. Doubt having arisen as to whether both the allowances or only one of them should be paid a reference was made to the Assistant Accountant General and Inspector of Local Fund Accounts who has finally declared that only the Plague allowance and not the conveyance allowance is admissible unless the special sanction of Government is obtained for payment of both the allowances. Copies of correspondence are herewith submitted for favour of perusal.

2. The passenger train arrives at Cumbum and Markapur Road Stations at the hours noted in the margin. These are situated at a distance of more than 3 miles from the Kosba Towns where the Civil Apothecary at Cumbum and the Hospital Assistant at Markapur reside. They have in consequence to attend the trains at a very inconvenient hour and it is more than midnight before they

Markapur 10. 35 P.M.

can go back after inspection. No proper conveyance is available in either of these places unless specially arranged for and the cart hire is rather high in both the places.

3. Considering the distance travelled every day and the amount of personal inconvenience these officers are put to, I have ~~therefore~~ the honor to request that the Government may be pleased to accord sanction for the payment of both the allowances to these officers under the circumstances stated above.

SIR,

Referring to Plague memorandum R. Grant of plague allowance to the Civil Apothecary & Hospital Assistant in Kurnool

FOR ORDERS.

To Public Dept for Ci'

The Collector of Kurnool recommends the Grant of plague allowance of 1/5 of the Salary to the Civil Apothecary at Cumbum and the Hospital Assistant at Markapur for doing additional plague work which consists in attending the trains at Railway Stations which are situated at a distance of more than 3 miles from their respective towns. These officers are reported to do as a Conveyance allowance of 8 annas a day under G.O. No. 1690 & 92-9-87 to meet the cost of their Conveyance to the Railway Stations, and the allowance has recommended to that

Sanctioned in G.O. No. 1153 P 923-6-87 & G.O. No. 984 P 923-6-87. The Apothecary and the Hospital Assistant are reported to attend the trains rather late during night ~~and~~ ~~undergoing~~ ~~inconvenience~~ ~~of~~ personal inconvenience.

P.70.

These men appear to be entitled to the 1/5th of pay allowance under G.O. No. 1153 P, dated 23rd September 1898, but only in lieu of the conveyance allowance of annas 8 daily which they have hitherto drawn. This question was asked in respect of these same three officers, by the Collector of Kurnool, in his letter to the ^{Plague} Plague Commr. No. 2790 Genl. d/ 27th Oct. 98, and the Acctt. Genl. then ruled that the conveyance allowance in addition would be inadmissible "unless specially sanctioned by Govt."

2. The question, therefore, now is whether there are special circumstances in these particular cases which call for special sanction to the duplicate allowances. In the current the Collr. states that the distance to be travelled for train inspection is "more than three miles" in two of the cases. In his letter of 1898, already quoted, the Collr. stated, more explicitly, that the men under reference had to travel "2 miles, 1 mile and 3 miles respectively" It is for this that they received the 8 annas allowances and it appears doubtful whether the argument from distance can carry much weight in entitling them to draw two separate allowances

* See pages 31-32 of Plague Commr.'s Circular II of 99 Copy in file.

No. 3507 Plague.

Inspection of trains at a distance from their residence or their ordinary place of business seems a duty outside the ^{ordinary} sphere of the duties of these medical men, & for doing this extra work, they seem eligible for an allowance of 1/5 of their pay. But as this extra work cannot apparently be done without a conveyance, the medical men seem entitled to conveyance allowance also.

allowances for the same work. The question is one for orders.

The change is a local one, & there appears to be no objection in Public to counteracting his proposal in LOM to grant his allowance in this case

I do not think emergency allowance can or ought to be given in addition to the ordinary allowance. I do not understand why these men go to the train. If it were to give for public other arrangements to be made.

NOTE FOR THE Secretary

Medical Subordinate attend the trains at Cumborne & Marshpoor with reference to the orders contained in Rule 7, page 179 of the Plague Regulations & Rules. The principal object in deputing them is to inspect the passengers who alight at the stations, & they also issue passports. The Govt. however, has recently ordered the substitution of clerks or Anti Sanitary Inspectors for Hospital Assistants at more important stations - vide G.O. No 1485 P. dt 13-10-99. & the Coll. of Kurnool may be asked whether a similar course may not be adopted in his St. The following reference is submitted for approval.
