order No. 186 Ucis of 13/2/99

The request of the municipal Council of Vellore for a grant of Rs. 1000 to meet plague charges cannot be complied with. 2. The Collector of North Arcot should at once institute an Enquiry into the state of the finances of the Vellore municipality and take measures for the prompt recovery of all outstanding dues, reporting the result of his Enquiry to Govt at an early date.

The grant of Rs 25000 for the Tuticorin
water supply scheme, provided in the
Revised Estimate of Provincial grants
for 1898-1899, has not yet been drawn
by the Municipal Council of Tuticorin
and it will be some time before this sum
is required, as it has not yet been finally
decided to adopt the scheme of water-
supply which is now under reference
to the Municipal Council - Vide Jo. no.
2125 M, dated 12th December 1898. The
amount ^{now} required by the Municipal Council
- Cds of Vellore and Ootacamund viz.
Rs 10000 and Rs 1800, respectively, may
as suggested by the Financial Department
therefore be met from the allotment
for Tuticorin water supply, temporarily
pending the sanction of India to
loans to Municipalities & Local Boards
for expenditure on plague preventive
measures. The statement of the loans
which may be required by these bodies
in the current year has been sent to
the Financial Department today.

Note

It is reported that owing to the backwardness of collections, the Municipality at Vellore has no funds in hand to meet ~~the~~ urgent requirements for combating the plague which has broken out in an indigenous form at that place. The chairman of the Municipal Council applies for a grant of Rs 10,000 from Provincial Funds and the Plague Commissioner considers that a grant is necessary to meet temporary requirements.

The Head Assistant Collector, Ootacamund, also brings to notice that there are no funds ^{with} the Ootacamund Municipality and that a sum of Rs 1,298 is required for bringing water to municipal plague Camps, hospitals and healthy Camps. He anticipates that a further sum of Rs 500 will be required for fencing Segregation Camps and hospitals.

The amount required is Rs 179 ^{at least}

fencing segregation Camps and hospitals.

ENCLOSURES.

The present critical condition
of municipal finances has already
been brought to the notice of Government.

2. Whatever collections were made
under the different sources of municipal
revenue have been insufficient to meet
existing demands up to date, and
payments of even the ordinary establish-
ments have had to be delayed.

3. At this juncture plague has
broken out in an indigenous form,
and also cholera, and large establish-
ments have been maintained and the
demand for money is daily becoming
larger.

4. At present there are only
a few rupees to the credit of the Municipality
in the treasury here, and it will take
time to collect all outstandings -
In the meantime stringent measures
have to be adopted to combat these

diseases

diseases and stamp them out, but the Municipality has no money in hand to do so

5. Under these circumstances the Council has this day resolved, at a special meeting, to request the Government under para 5 of G.O. No 2031 L dated 22nd October 1898 to be pleased to make at once a grant - in-aid of Rupees ten thousand to meet all urgent requirements in combating the plague, and stamping them out of the town before they take a firm hold of it.
