SIR,

In July last, a list of schools to be aided by fixed grants from municipal funds was forwarded to the Chairman, Municipal Council, Cuddapah, under article 3, Chapter IV of the Grant-in-Aid Code, the London Mission Lower Secondary School being the only one in the list. Article 13 of the same chapter requires that, on first admission to aid, the fixed grant assigned to a school shall not be less than the average drawn during the previous three years. The average amount of grant drawn by this school from municipal funds being Rs. 124, a fixed grant of Rs. 140 was recommended on the ground that, in the distribution of public funds, schools on the fixed grant system should have a priority of claim over those on the results system. But the Chairman, Municipal Council, reports that the council has passed a resolution "not approving of aid of the fixed grant system for 1899-1900 to the London Mission Lower Secondary school at Cuddapah and approving of the continuance of the system of payment of grant by results." The school having been placed in the permanent section of the general school list, the council's resolution is against the provisions of the Code and I have the honour, accordingly, to request that the council be directed to reconsider its resolution and assign

a fixed grant of at least Rs.150 in round numbers to

the school.

I have the honour to be,

Sir,

Your most obedient servant,

G. H. Stuart

Director of Public Instruction.
