To The Honorable Members
of the Government of
Madras -

The humble petition of Kondoru
Subbarayudu son of Mahankali
and Mahankali Gangappa of
Guntur, Krishna District.

Most honored & respected Sirs;
Most humbly sheweth;

- That there exists a land of Demarcation No. 150
in Guntur Kottapeta belonging to the petitioners
on the northern side of the Rail Road in the
Guntur Town. Out of that land most part is
pieces of sites for dwelling purposes leaving off
wide streets for the purposes of Carriages and
passengers measuring 6 wide and 8 yards wide
throughout the sites allotted to several
individuals who accordingly raised houses -
thereon enjoying every privilege of carriages;
but the Municipality of this Town, ordering
the petitioners that the width of the Road-ways
was not sufficient to meet the purposes of
Carts - Crossing &c, passed orders to the
effect that more site, i.e. 2 yards more should
be left for passengers and the petitioners
accordingly obeyed the said orders.
- That the petitioners submit that the Local
Municipality

2
Municipality on the application of J. S. Mahajan
- mad Hussam Sahab for, Inspector of the
Mahamadan Schools granted a road of 30 yds
long and 8 yards wide for dwelling purposes to
the great inconvenience and difficulty of the
people in general Contrary to the original
intention of the Municipal rules. The said
roadway 30x8 yards granted to J. S. Mahajan
Hussam Sahab is in front of his side yard
appertaining to his house, and may be fenced
both together. The inconvenience for the people
in general will be manifested by the kind
reversal of the Sketch hereto attached.

3. That the petitioners submitted a petition
to the Chair-man of the Local Municipality
on 30-10-99 who informed the petitioners, without
enquiring into the Case at all and without at
least hearing the petitioners in No. 1301
dated 8-11-99, that the roadway site was
granted to the said gentleman for public
purposes of erecting a Mahamadan School.
The site is more useful as was given to the
grantee for his use as it is on the north of
his gate yard gate.
4. That the petitioners submit that the roadway
given for dwelling purpose is not fit
for

for School building, because it is not a site in the heart of any peta of this Town; but its situation is in a Corner. The Petitioners are yet paying the List for the whole Sumeration number 150 including the road ways.

5. That under the orders of the Local Municipality for leaving off two yards more in addition to the width of the Streets voluntarily left for roadways, the petitioners left the two more yards for all roadways in the peta as a Compensation of Six pice a yard when a yard is selling four annas & more. The petitioners are at a loss to know, how it is possible & probable, that at first the site was quite necessary for the public road and the easement of necessity afterwards, all on a sudden ceased without any change of the Town and time, when it was required by the Mahamadaw Schools' Inspector.

6. That there are pieces of sites for Sale yet adjoining the said Roadway; but there are no fresh sales on account of the grant of this site and thus there is a great loss to the

Petitioners

petitioners.

7. That the petitioners submit that because is about to exercise his ownership on the site by raising Compound walls &c to the inconvenience and disturbance of the public, the petitioners most petiously solicit the urgent prohibitory orders for the public good & justice to refrain him from doing so. Otherwise there will be good loss to the petitioners & great inconvenience to the public.

great inconvenience to
 8. ^{also} that therefore the petitioners most sub-
 -missively pray that your honorable Court
 graciously considering their grievances
 will kindly pass favorable orders to keep
 out the roadway as before setting aside the
 grant of the Local Municipality.
 Wm. the petitioners

For which act of kindness, the petitioners —
always pray. The petitioners beg to remain
with highest respects
