I beg to submit my appeal personally under the following circumstances appearing in the endorsement of the Chairman.

2. I submitted this appeal to the Chairman, Municipal Council Trichinopoly in obedience to G.O. No 1727 M. No 21-11-99

3. It will not be out of place to state that the man whose case was not considered favourably by the Sanitary Commissioner is an unpassed man with a short service in the municipality as a Clerk.

I beg to add that if the Government is pleased to order that I should be sent for training, I shall be willing to pay the fees for his course and his examination, provided his concessions are not extended or cannot be extended to men like me for whom his training is to order now...
V. I. dance with, and in the terms of, the G.O. No 1914 M dated the 10th December 1894.

2. I beg to submit that the question herein raised relates in a way to the interpretation of the scope and objects of the above-said G.O. and that the decision of the Government will have a great influence in

will be very useful.

I beg to request respectfully that
as the Sanitary classes begin early in
January next, the Government will be
pleased to pass early and favourable
orders.

I beg respectfully to remain,
Respected Sir,

Your Honor's most obedient servant
Sundaram Anjan B.A.
Manager, Municipal Office
on leave.

S. Sundaram Anjan B.A.

Manager, Municipal Council Trichinopoly

Residing in 28 Jumbun Chetti St. Madras

To

The Secretary to Government,
Local & Municipal Department,
Fort St. George, Madras

Thro: the Chairman M.C. Trichinopoly

Honored Sir,

I beg respectfully to submit
my humble appeal from the Resolution of
the Municipal Council, Trichinopoly no 566
dated 4th November 1899 declining to detail me
for training in the Sanitary Inspector's class
and to request Your Honor will be pleased
to order that my prayer be granted in accor-
dance with, and in the terms of, the G.O. No 1914 M
dated the 10th December 1894.

See 1/
3140 M/99

V.

2. I beg to submit that the question
herein raised relates in a way to the inter-
pretation of the scope and objects of the above-
said G.O. and that the decision of the Govern-
ment will have a great influence in

advancing the cause of Sanitary Education in his Presidency. The question is whether all the employees of the Municipalities and District Boards besides the so-called Sanitary Inspectors are eligible for the concessions granted therein and may be trained in the Sanitary Class with a view to utilize their services, when vacancies occur or emergencies necessitate.

3. As regards the old Sanitary Inspector, I may be permitted to state that the G.O. did not help them much for the simple reason that they were mostly unpassed men ignorant of the English language, and consequently the G.O. will be a dead letter as regards its effect in encouraging Sanitary Science, unless the liberal concessions are extended to all the qualified employees under the Local Boards.

4. I am a Graduate of the Madras University and as such possess more than the general educational qualifications necessary for admission into that class or for a course of that study.

5. I have been employed as Manager to the Municipal Council, Trichinopoly for exactly nine years and I am thus entitled for all the privileges conferred by, and conferable under, the above-mentioned G.O. on old servants of the Municipalities and District Boards.

6. As regards a possible objection of the petitioner not being employed as a Sanitary Inspector in name, I beg to submit that my duties as the Manager were always of a sanitary nature before his appointment.

of the Secretary and the Certificated Sanitary Inspector, I had the supervision of all sanitary works and the reviewing of the diaries & reports of the Sanitary Inspector. Even under the present arrangements, the manager has to supervise the work of Sanitary Inspectors, to scrutinize their diaries and reports and to draft orders and circulars relating to sanitary matters.

7. Further, if it is borne in mind that the Government has decided that all the clerks of the Collectors' Offices should possess a fair knowledge of the out-door revenue duties and should be employed as Revenue Inspectors for sometime, it will stand to reason that the managers of the municipalities at least should be entitled, nay compelled, to be trained in the Sanitary Inspector's Class so as to enable them to do their work better.

8. The Municipal Council of Trichinopoly does not propose to send any other candidate for training in the Sanitary Inspector's Class of 1900, nor has it sent up any one for the last two years. Since the promulgation of the G.O., this Municipality sent up four men, of whom one passed the Examination and the other three returned as wise as they left. The reason is they did not know their own mother-tongue well; and they do not hope to pass in a language which they do not know.

9. I beg to state that the Municipal Council has not got a sufficient number of Certificated Sanitary Inspectors at all. At present, the wards, the markets, the Slaughter Houses, and the night-soil and Rubbish Depots in the municipality have yet to be provided with trained Inspectors. And the sufficiency of the provision of one chief Sanitary Inspector for such a large municipality is a question for the Government to consider and decide -

10. I beg to add that in sending up the petitioner for training, the Municipal Council will be a gainer both morally and financially — financially, because the Council will be securing for a small expenditure an experienced manager trained and qualified to take up all urgent and temporary duties in connection with the sanitary arrangements on the outbreak of an epidemic like Cholera or Plague which annually threatens the municipality without waiting long for men from outside, and morally because the Council will only be doing its duty towards one of its old servants for improving his education and prospects.

I beg to remain,
Honored Sir,

Your Honor's most obedient servant

Shendram Aiyer
manager on leave
