The Survey divisional officer

Sir,

With reference to the Survey
Superintendents' letter No: 1769
dated 6th instant, I have the honour
to inform you that I was in Vanigambadi
this morning and understood that
the complaint of the Municipal
Council is that the Survey and
demarcation according to occupation
has not been correctly done by the
Survey department and that
pieces of river poramboke have
been included in private holdings
which ought never to have been
included, owing probably to
malpractices on the part of

Subordinates of the Municipality
and the Survey department.
Several prosecutions for
encroachment within the
limits of the Survey stones is
fixed by the department have
been recently successful. I
was myself shown a stone
in the middle of the river, which
would appear to have included
river poramboke, the result is
being that the piece beyond the
old line of occupation has been
encroached upon and planted
up. I would suggest therefore
that, before doing anything in
the matter of resurvey, you
would yourself or depute some
trustworthy officer to check the
demarcation and let the
Council know through me
your opinion as to the accuracy
or otherwise of the Survey. If
it is found inaccurate, your

Department will, I presume,
rectify it free of cost to the
Municipality.

I have &c.
