CURRENT No. 331/1

Forwarded.
I have already submitted in forwarding the Budget, the inexpediency of reducing the allotment for road maintenance. The enhancement of the toll-rate is rendered desirable by the present financial condition of the Municipality, but there is no reason to relax the rule requiring 50% of the toll Order proceeds to be spent on communication.

Municipal Office

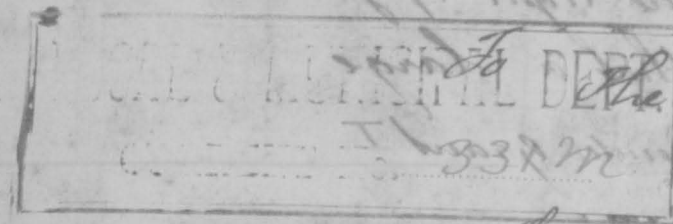

Cannanore dated January 15

From

M. S. J. Coomankutty Aiyar
Chairman, Municipal Council

Cannanore

Secretary to Government
Local & Municipal Department

Also The Sub-Collector of Malabar.

Sir

I have the honour to report that
the Council have in the Budget for 1899/1900,
in consideration of the present financial
circumstances of the Municipality, proposed
to raise the rates of toll from three fourths
to the maximum provided by the District
Municipalities Act, and have estimated the
receipts to be Rs 3000 as against the revised
estimate of Rs 2170. The expenditure for
maintenance of communications has not
been correspondingly raised, but has, on the
contrary, been put down at Rs 700, which is
only 23.3 per cent of the receipts from tolls.

2. Though it is highly desirable to allot
an amount not less than 50 per cent of the
toll receipts for expenditure on communication,

The expenditure on communications
 this year has already gone to about £1000
 which is about 1/2 per cent of the toll receipt
 of £2000 as per current estimate. The
 expenditure in 1871 and 1872 is about
 1/2 per cent of the toll receipt. It will therefore
 be seen that the reduction of tolls is not
 a great one but it is to be made under very
 exceptional circumstances.
 It is intended to lay the substance
 of the toll from the commencement
 of the next financial year and the
 report will be published. The notification
 will be given by section 50 of the Municipal
 Corporation Act. I have the honor to
 report that Government will
 be glad to pass them over.
