Local Fund Engineer's office and the Local Boards' office establishments for want of funds - Vide clauses 2 and 5 of para. 4 of G.O. No. 575 L dated 13th March 1899. According to the President's own statement in another connection, the District Board is not in a financially good condition to allow of any increase in its expenditure - Vide his letter flagged.

The large increases proposed throughout all the establishments in the present letter can hardly be necessary especially just now when the Bd. is in an unsatisfactory financial position.

6. Read President's Circular Cir. 1471 / L.F.

dated the 10th July 99, requesting the Presidents of Taluk Boards, Dist: Board Engineer, and Dist: medical and Sanitary officer, to submit proposals for giving incremental scale of pay for the clerical establishments subordinate to them.

And replies received from the above officers on the subject.

The District Board has already brought to the notice of Government the difficulty it experiences in getting good men to remain in its service, especially in the clerical establishment. It therefore proposes to introduce a system of periodical increments which will be conditional on good work. The proposed pay and increments of each appointment are shown in the accompanying schedule to which the District Board requests the Sanction of Government.
