From

G. W. Dance Esq:
Collector Of Malabar

To

The Plague Commissioner
Madras.

Sir,

In reply to your letter No. 1016 dated 27th December 1898 I have the honour to enclose an estimate of the cost of carrying out my proposals, showing the increase over the previous arrangements at Sultan's Battery.

2. In reply to para 2 I do not think that any constables are necessary at the frontier inspection stations in Wynad. The peons will answer the purpose and will not cause so much alarm. When it was known that 100 sepoys were proposed to be sent up by Mr. Parsons to enforce the plague rules in Wynad there was an immediate exodus of a number of people from Sultan's Battery and Manantoddy. It was generally believed in Wynad until recently

that

that the Government was arranging to kill off the surplus population.

3. The peons can be used for drawing water. As the stations are surrounded by forest a toti is unnecessary. The Hospital Assistants have been told to provide trench latrines. If there is no toti it is not necessary to have a conservancy Maistry to look after him.

4. I accept the suggestion contained in para 4 of your letter under reply, and I am issuing orders withdrawing the Concession.

I have the honor to be,
Sir,
Your most obedient Servant
