REMARKS.

8

Secondary

Local: Difference due to small fluctuations in strength as detailed in St VIII A. Appendix N.

Aided: Decrease in both the aided mission schools of the District at Tirukoilur and Tindivanam

Unaided. The entries against this relate to private schools not under the control of the Department.

Primary

Govt. This relates to the Practising department of the Govt Training School, Villupuram.

Local. The figures show decrease of 2 in schools and increase of 259 in pupils. Four of the schools in the previous year were closed — (a) 3 in Chidambaram Taluk and (b) one in Tindivanam on account of their low attendance: and 2 schools were newly opened in the Chidambaram Taluk.

Aided. The large decrease noticeable against this item is reported as due to (a) Restrictions introduced in the admission of schools to aid supplementally. (b) to the unfavourable season and prevalence of disease in parts of the Cuddalore Range and (c) to the incompetency or unsatisfactory work of Deputy Inspecting Schoolmasters of Chidambaram and Tiruvannamalai Taluks. The decrease was only in 3 of the four Taluk Boards: Schools in Cuddalore Taluk showing increase both in their number and strength —. Of the 3 Taluk Boards which declined, Tirukoilur lost 40 schools and 930 pupils while Tindivanam and Chidambaram lost 14 + 15 schools with 417 and 674 pupils respectively.

Unaided. As observed in the case of Secondary School the entries against this head include several Private Schools not strictly under Departmental Control and it was in them that the decrease occurred. Unaided Schools actually increased by almost the same number as represent the decrease in aided schools.
