Under section 23 of the District Municipalities Act IV of 1884 as amended by Act III of 1897, the roads specified in the list submitted with the President's letter already vest in the Municipal Council. As regards the other properties ^{included} in the list, the President is requested to obtain the consent of the Zalk Board and the District Board for their transfer to the Municipal Council.

2. The proposed transfer to the Nandyal Municipality of the assets and liabilities of the Nandyal Union and market is inadmissible, as these have merged in the Zalk funds on the abolition of the union. Any help which the

The Collector and President,

District Board, Kurnool.

Sir,

In continuation of my letter no R Dis: 238
dated 15.9.99 submitting a budget estimate of receipts
and charges of the would-be Nandyal Municipality
for the second half of the financial year ending 31.3.1900,
I have the honour to request that you will consider
whether the assets and liabilities of the Nandyal
Union should not be transferred to the Municipa-
lity, when the latter takes the place of the former.
The funds at the disposal of the Union have been
collected from the town to be used for the ad-
vantage of the town and I am of opinion

(Vice President)

that it is only just that any balance which may be at the credit of the Union on 30th September 1899 should be transferred to the credit of Municipality.

The budget already submitted for the next half year shows that the expenditure to keep which as low as possible every effort has been made, is far in excess of the probable estimated receipts. A few days ago, I inspected the town and found the roads in a disgraceful condition, the drains, which rest in only two streets at present, out of order and the wall of the market place in need of extensive repairs. It appears that little or nothing has been spent from Union funds for the last two years on the roads ~~as~~ as it has been considered always during this period, that the town was about to be constituted a municipality when the repairs would be executed more efficiently. It will be remembered that no provision whatever was made in the last budget for the Union. The balance which has accumulated on account of the neglect on the part of the Union to

keep the roads ~~in~~ ^{broken} in proper order should, I think, be transferred to the Municipality, which will now have to make amends for past neglect. No provision for any new work has been made in the budget as the Municipality had already had to apply for a grant from Government. The inability to levy the tax on buildings and lands during this period does account to some extent for the state of things but seeing that the municipality is just beginning its existence and that it has much to do to improve the present very insanitary condition of Nandyal, I do not think that the District Board should hesitate to make the grant.

I am informed that the closing balance which according to the accounts will be left from the Union funds on the 1st October next after making all disbursements is calculated to be about Rs 1750. Some portion of this amount in the shape of house-tax and market fees may be left uncollected after 30.9.99 and the District Board cannot collect it without employing

special agency to do the collection as the Union
 and its establishment will then cease to exist.
 If the balance were placed to the credit of the
 municipality and the latter received the necessary
 powers to collect on behalf of the District Board,
 the balance outstanding on 1.10.99 would be collected
 by the municipal establishment. I have
 the honor to request that, if you agree with
 me, you will be so good as to lay the matter
 before the District Board as early as possible.
